Questions and Answers 6/26/19

1. You have a Fog Master North American list as the system to be installed. Can an Ansul LVS (Liquid Vehicle Suppression System) of an Amerex ICE System (Intergraded Cooling Extinguishing System) be used in placed of this?
   Answer: In the bid it states "Brand: Fogmaker North America water Mist Fire Suppression System or approved equal is listed to establish a bench mark of quality." We encourage competition and all bids will be evaluated and considered.

2. Are these type A, B, C, or D buses?
   Answer: We have type C and D in our fleet but the 72 are type C buses
