What is a School-Parent Compact?

A school-parent compact is an agreement that explains how parents, students, and teachers will work together to make sure all students reach grade-level standards. This compact provides strategies to help connect learning at school and at home.

Jointly Developed

Shared decision-making is a collaborative process that allows parents, the school and community to make decisions together. The parents, students and faculty of Northside High School collaborated to develop this compact for achievement. Parents and students are encouraged to attend the Shared Decision Making meeting each spring to review the compact and make suggestions based on student needs and school improvement goals. Discussions and parent surveys are the methods for gathering input. Parents are welcome to provide feedback at any time during the school year. All feedback is collected and reviewed during the Shared Decision Meeting. The compact is reviewed with parents during all parent conferences throughout the year.

Teachers, Parents, and Students—Together for Success

District Goals

- ***Increase the value of the overall district College and Career Ready Performance Index (CCRPI) by 3% focusing on literacy, high quality standards-based instruction and Multi-Tier System of Supports.***
- ***Increase the percentage of parents who feel their child's school provides various opportunities for engagement.***

School Goals

We will increase the value of the CCRPI score from a baseline of 80.2 to 82.0.

We will increase the percentage of graduation in the four-year cohort from a baseline of 88.4 to 90.0.

Our Focus

To help students become strong in all areas and to ensure that they graduate on time we will focus on the following:

- ***Core content***
- ***Academic Interventions***
- ***Graduation***

Northside High School Will:

*Host Orientation/Meet 'n Greet and provide parents with a copy of the 9th Grade Guide to Northside High School.
* Train parents on the use of Infinite Campus to monitor grades and attendance.
*Host a Pre-Advisement Night for Rising 9th Graders to present academic and career tech choices available to students for the 2020-2021 school year. Parents will learn about Credit Recovery, and Career Pathways, dual enrollment, AP classes, and *Dual Enrollment.*
* Invite parents to attend Evening Advisement to review graduation plans, graduation requirements and learn about CCRPI scoring.
* Host S.T.E.M and Literacy Nights where parents will have an opportunity to work with their child on concepts currently taught in class.
* Host parent conferences whenever necessary to ensure the academic success of students.
*Host other academic events where parents/ families can participate with their students.

Students Will:

* Read and implement the strategies in the *9th Grade Guide to Northside High School*
* Keep up with their grades by checking Infinite Campus frequently.
* Attend Pre-Advisement/College Fair Night and Evening Advisement in order to make informed decisions about class schedules as well as graduation and post-secondary education and workforce opportunities.
* Participate in S.T.E.M. night and other academic event activities.

Families Will:

*Attend Freshman Parent Information Night and take advantage of the opportunity to set a conference with their child's teacher. They will read and discuss the *9th Grade Guide to Northside High School* with their child to ensure they understand the guidelines and strategies they will need to stay on track for graduation.
*Utilize Infinite Campus to monitor their student's progress, grades, and attendance on a regular basis.
*Attend Pre- Advisement/College Fair night to learn about the different educational opportunities and programs offered at Northside.
*Attend Evening Advisement to assist their child in class selections, review graduation requirements, and ensure that their child is on track to graduate on time.
*Actively participate in S.T.E.M. Night so they can work hands on with their child and gain a better understanding of how their classwork incorporates science, technology, engineering, and mathematics.
*Actively participate in other academic events and conferences.
