AGENDA REVIEW None

PUBLIC COMMENT Eric read the Public Comment Statement.

NEW BUSINESS Eric read the public comment statement.

Use of Gym for Jury Trial Selection – On the posted Agenda it stated Use of Gym for Jury Trial Selection – Jefferson County. However, Eric wanted it noted that this would be for District Court, Justice Court and City Court. Dori Woods, from District Court was in attendance. Eric read a letter from Debbie Rennie from Justice Court. The letter asked if the Elementary School would consider allowing the Justice Court to use the Elementary Gym. They would need use of public bathrooms, chairs, tables, sound system and a podium. They also requested that everything be wiped down between use. The court will provide a health screener. They would give Ms. Pace a month notice when the gym would be needed. Dori Woods from District Court was in attendance and added that the Supreme Court would pay for any cleaning that needed to be done. Eric asked what Ms. Pace thought and she thinks this would work as long as there was a sufficient notice. Eric then asked if there was any public comment on the subject. There was none at this time. Eric asked if any of the board members had any questions. Carrie stated that as long as Ms. Pace was ok with it, then she had no questions. Ms. Pace stated that we all need to help each other during this time and that it would be an honor to help out. Carrie motioned to approve the gym usage for District, Justice and City Court. Matt seconded, all members approved.

ADJOURNMENT Eric motioned to adjourn at 5:20 pm.
