~~~~~

Contestants should arrive at the gymnasium dressed and ready to compete no later than the time specified during practice. Contestants should enter the designated door on the south end of the gymnasium near the bandroom. Parents and supporters will NOT be allowed to enter through this door, but must enter through the main entrance on the north side of the gymnasium. In the same respect, contestants will NOT be allowed to enter through the main entrance. Contestants will be admitted to the Parade of Beauty at no cost, however, all parents, relatives, and supporters will be required to pay admission.

Due to the fact that the dressing rooms in the gymnasium are limited in space, only contestants will be allowed in the area. Adults will be on duty to assist contestants and if necessary, locate parents in case of an emergency. Failure to abide by the above rules/guidelines will result in immediate disqualification for the competition and forfeiture of all entry fees.

The director reserves the right to combine age divisions if a minimum number of contestant entries are not received by the entry deadline. Every effort will be made to equally balance the age groups and contestants will be notified.
