

510.1L STUDENT ORGANIZED SOCIAL EVENTS

A. PARTIES AND SOCIAL EVENTS

The elementary school principal and teachers will set up a list of special days when they will have parties in their rooms. All such parties will be conducted during the school day under the supervision of the teacher.

Whenever possible, we encourage the scheduling of events in high school on Friday or Saturday evenings. Each class may have two parties during the school year. Other organizations may have social functions. Arrangements as to the time and place shall be cleared through the principal's office, who may set up rules as deemed necessary within board policy.

The time for closing parties in the junior high during the week shall be 9:00 PM and for the senior high 10:00 PM. When held on Friday or Saturday, the time shall be one hour later in each case.

The use of the school facilities for non-school functions shall be arranged for through the superintendent's office.
