

**PRESCHOOL  
SCREENINGS  
AVAILABLE**

Annual screenings for preschoolers suspected of having delays in the areas of speech, vision, hearing, and general development are available through the Marion County Department of Exceptional Education. Screenings will be conducted via appointment as soon as COVID-19 restrictions allow face to face interactions with our students.

---

Contact Kristy Walden at the Marion County Department of Education 942-3434 ext. 12014 for an appointment

---

Parents of children ages 3-5 suspected of having disabilities may contact the Marion County Dept. of Education for assistance at any time during the school year.

Parents of school-age children with suspected disabilities may contact their local school for further assistance.
