

Jasper Elementary School Notifications
www.jasperelementary.org

As many of you have realized, due to new limits set by our Remind App we have not been able to use it this year for mass notifications (i.e. bus changes, etc.).

We are now in the process of revamping and updating our school website. It is not yet complete but we are ready to start using the new NOTIFICATIONS section of the website. This will give us another method to get important information out quickly!

Just follow these directions to sign up for notifications so that you don't miss important reminders and announcements.

1. Visit www.jasperelementary.org
2. In the top right corner, click register.
3. Sign up using 2 important pieces of information:
 - a. An email address that you CHECK
 - b. A phone number that will always receive texts
4. Check your email and confirm your email address.
5. Go back to www.jasperelementary.org and login.
6. Click Notify Me on the top bar of the page.
7. Choose which of the notification groups you want to be included in by choosing whether you want to receive email or text (SMS) notifications, or BOTH (we recommend both).
 - a. JES Notifications (anything and everything): EVERYONE needs this for reminders about things like school pictures, dress up days, weather notifications, etc.
 - b. JES Bus Notifications (only bus information): you ONLY need this if your child rides on a school bus to or from school
8. MAKE SURE TO CLICK SAVE!
9. At this point you should start receiving any notifications we send out to these two groups.
