REGISTRATION FOR 2021-2022

Please be aware that registrations can now be updated on our district website through Synergy. If you need to access printed copies, you may contact the office to set up a time to pick up forms to fill out.

Early registration helps us ensure that we can build our classes accordingly for next year and that your student has been ensured enrollment for the 2021-2022 school year.

Thank you for being diligent and helping us get all of our information in on time.

KINDERGARTEN REGISTRATION

An informational meeting to update parents on how to register for upcoming kindergarteners for the 2021-22 school year will be held on February 18th, 2021 at 6:00PM via Zoom. All parents will have access to registration forms via our website. Parents will need to fill out all forms. Once forms are submitted our office will call parents to follow up on obtaining any remaining records such as birth certificates, proof of residency, and immunizations that will need to be submitted. They will also set up times for screenings in May.

If you know other people who will have a Kindergartner here please help us spread the word about this. There will be an informative PPT shared and schedules will be discussed at that time. Students should be five years of age on or before September 1, 2021 to register. Students who are not of this age by December will receive added screenings for academic and social readiness and will only be admitted once readiness has been determined by staff and admin.
