

## Academy Overview and Course Descriptions: Military Leadership

### Military Leadership

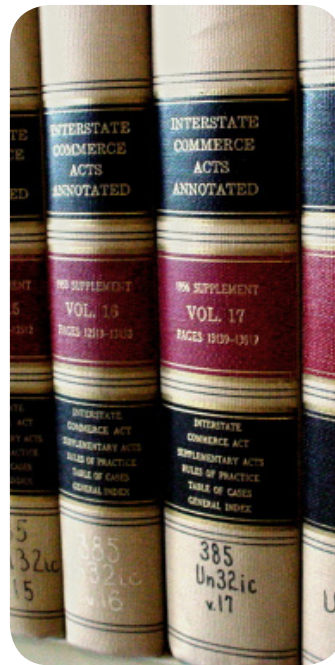

Through the Military Leadership Academy, students will be provided opportunities to experience leadership and team building activities first hand. Students in this academy will begin to understand the importance of leadership in military and real-world scenarios by experiencing challenges and situations with team mates through guided activities and competitions. Endurance, strength, and teamwork will be tested daily through real- life scenarios.

Along with this, the Military Leadership Academy offers knowledge and skills including academic foundations, communications, problem solving, and critical thinking. Focuses on information technology systems, safety, health and environment, leadership and teamwork, ethics and legal responsibilities, employability and career development, technical skills, and fiscal responsibilities are a focus of study throughout this experience.

### JROTC

JROTC activities help students develop their potential for premier leadership, personal growth, and career success.

Students will participate in numerous competitive team options such as: Drill Team, Color Guard Team, Air Rifle Team, Raider Team, Orienteering Team, Scholars Bowl Team, and Physical Fitness Team. Students will also have experiences in adventure training and Cadet Leadership Conferences.
