California Department of Education School Accountability Report Card

Reported Using Data from the 2013-14 School Year

Published During 2014-15

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents and community members should contact the school principal or the district office.

About Our School

The Tremont family is founded on collaboration with all community stakeholders and acts in the best interest of all students and families.

This year Tremont is poised to accomplish amazing things. We welcome the opportunity and the challenge of supporting all students as we transition to Common Core State Standards (CCSS). We also look forward to providing students with challenging, innovative instructional opportunities. With the hard work of all teachers, students, parents, and community partners we will continue to reach incredible heights.

School Facility Conditions and Planned Improvements - Most Recent Year

Tremont is a 22 year old school that meets all state requirements for school facilities. The Dixon Unified School District along with North Bay Insurance, performs yearly safety inspections with the purpose of identifying and correcting any and all safety issues and concerns. Above and beyond the daily cleaning maintenance performed by custodial staff, the district schedules thorough cleaning of classrooms on a regular basis. All classrooms/spaces have Internet access and phones.

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

• Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement - Most Recent Year

Tremont values and includes all stakeholders in the educational process. At school, parent participation is active and a key component of our culture. Family members contribute to the Tremont community in many ways, including volunteering in the classroom attending parent education classes, organizing and assisting in daily schoool activities, and participating in committees. The Tremont Site Council and Parents' Association invite parent/guardian involvement in school planning and activities. The Site Council helps to plan and evaluate the overall school program and approves yearly budget expenditures. The English Language Advisory Committee assists in assessing the needs of and offering support to English Learners. The Parents' Association raises thousands of dollars for school use each year. Family volunteers staff other school-wide events such as book fairs, fun nights, festivals, and school beautification efforts. Monthly Coffee with the Principal events and weekly newsletters home ensure that parents/guardians are informed about curriculum, activities, and functions at Tremont.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

- · High school dropout rates; and
- High school graduation rates.

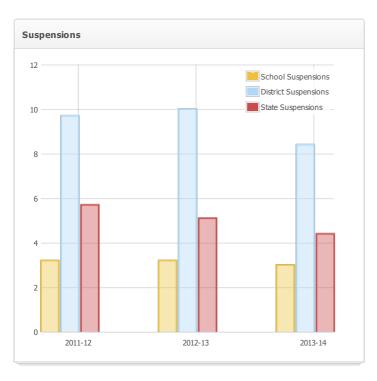

State Priority: School Climate

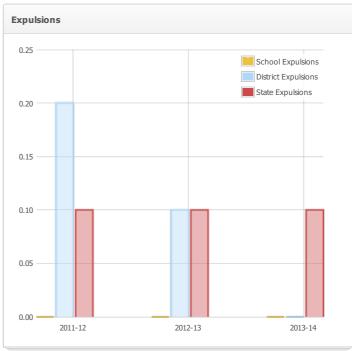

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan - Most Recent Year

Maintaining the safety and security of students and staff at Tremont Elementary School is a priority in our daily operations and long-term planning. When family members, volunteers, or representatives from outside agencies visit the campus, they first report to the office where they sign in and acquire a visitor badge. This protocol is encouraged with signage and reinforced by staff members. Students are supervised during all parts of their day. Certificated staff provides instruction and oversight during class time while classified staff supervises students during recess and lunch periods. When an emergency arises, all members of the school must be prepared to respond in accordance with safety plans and protocols. All school staff are trained in implementation of the school's emergency response plan. Further, all staff work with students to practice safety procedures such as shelter in place and evacuation through regularly scheduled drills.

Parents are informed at the start of each school year about the school's plan for care of students in a crisis situation. Should such a situation arise, school staff will remain on duty to ensure the welfare of all Tremont students until it is feasible and appropriate for parents and guardians to pick them up. The school maintains necessary first aid supplies in designated locations and these are inventoried and replaced each year.

Types of Services Funded (Fiscal Year 2013-14)

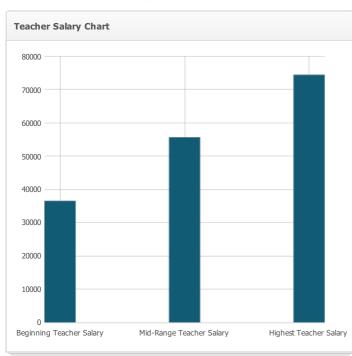

Tremont tailors its programs and services to meet the unique needs of its students. Tremont offers a reading intervention program to shelter core instruction for struggling readers. Students identified for this program receive small group instruction and participate in specialized reading groups that address their individual literacy deficits. Students who are not making adequate academic progress are provided before or after school intervention with standards-based materials to help them achieve proficiency. After school enrichment programs are also offerred to students at the end of each six-week intervention cycle. All of these programs are adaptable to meet the needs of each child and student enrollment shifts as students achieve learning goals and others are identified to receive assistance.

Professional Development - Most Recent Three Years

Staff development, or Common Planning Time (CPT), occurs each week on early-release Wednesdays. During this time, teachers collaborate in grade-level, site, or district groups to reflect upon student progress and plan for continued student learning. The areas of focus for collaboration at the elementary level include engagement strategies, differentiation through small group instruction, and implementation of English Language Development strategies. These areas were identified through the collaborative LCAP process in 2014 with a common purpose of aligning curriculum and instruction with the Common Core State Standards. Professional development conducted during CPT is augmented by the support of an Instructional Coach at each elementary site. Tremont's Instructional Coach works closely with classroom teachers to model and facilitate the use of research-based teaching strategies, research and provide resources on innovative practices, and analyze and reflect upon student achievement data.
