

WELCOME TO USATESTPREP

Information for Parents/Guardians

Greetings! Your child uses the valuable online tool USATestprep at school. He/she is also able to use this website outside of school from any computer with an internet connection. USATestprep is fun, easy to use, and provides many features that will help your child succeed. Throughout the year, he/she will be able to access a variety of tests, practice questions, games, and many other activities designed to keep your child actively learning.

To help your child with this resource:

- Go to www.usatestprep.com
- Click on the orange LOGIN button in the top right corner
- Log in to the site using the school's Account ID and your child's username and password
- Once logged in, look for any assignments from your child's teacher (all assignments appear on the student homepage and can be filtered by class)
- Students can monitor their progress by navigating to PRACTICE at the top of the page and choosing a subject area. USATestprep's color-coded Dot Rank system will indicate strengths and areas for improvement by standard.

If you have questions about using the platform, view the help videos available in the HELP menu at the top of any page.
