Because electronic devices are prohibited in daycare, Lily completes most of her remote learning work at home, working hard to watch all video lessons and complete all assignments. Northeastern Randolph Middle School - Yaneli Gonzalez - 8th Grade

Along with many accolades from her seventh grade teachers for being “respectful, responsible, and doing the right thing,” Yaneli Gonzalez recently showed her teachers in eighth grade that she still exemplifies these characteristics. Due to issues beyond her control, Yaneli made the decision to be a fully remote student so she could be at home with her younger siblings. She personally took it upon herself to email the principal and teachers to inform them of this decision. Yaneli has continued to be successful with all her remote classes and strives to do her very best work. Husky Nation is proud of her for doing what is best for her family and understanding the importance that she plays in her siblings' education. Congratulations, Yaneli Gonzalez, for being selected Northeastern Randolph Middle School's STAR³ Student for October.

Abby Nichols has been doing a great job getting all of her school work done. She is thriving as a remote student and as a face-to-face student. We are delighted to see Abby's smiling face every day she is on campus. Abby is a leader in the classroom, helps her classmates, and will do everything asked of her. She is quick to lend a hand and can be found throughout the school assisting others - you never know where you will see her next. Randleman High School - Brooks Brannon - 11th Grade

A STAR³ Student is one who exemplifies good character and hard work. Brooks always displays kindness, and in conversation, genuinely cares about what you have to say. He is widely acknowledged as a star on the baseball field and already has accepted an invitation to play at the University of North Carolina at Chapel Hill when he graduates. The same work ethic and commitment to growth that have led to Brooks' accolades in baseball also have made him a top student. He displays unbelievable respect toward his teachers, coaches, teammates, and peers and has earned the same respect in return. Tiger Nation is honored to recognize Brooks Brannon as our STAR³ Student for October.

Randleman Middle School - Braxton Walker - 8th Grade

Braxton Walker is the embodiment of a servant and is willing to help wherever needed. For the past two years, Braxton has raised and lowered the flag each day on the Randleman Middle campus. It was not until this year that we realized how much we rely on Braxton for this task, after realizing the flag had not been raised on the first 'A' days (Braxton is a 'B' day student). Braxton works hard, takes pride in his work, and will ask for a second chance when his first attempt was not up to his own standards. Throughout the pandemic and remote learning, Braxton has been a student who teachers can count upon to be in Google Meets and do his best wherever he is having school that day. It is with great pleasure we select Braxton Walker as Randleman Middle School's STAR³ Student for October.
