ABOUT ME:

I am so excited to be your Science Teacher this year. I am a proud graduate of the University of Mississippi. This will be my 9th year teaching overall and my 7th year teaching middle school science.

I enjoy listening to music, traveling, and spending time with my family and friends. I enjoy working with children and helping them reach their dreams through education.

"Education is the most powerful weapon which you can use to change the world." –Nelson Mandela
