Dear Families:

I hope this email finds you well with you and your loved ones healthy. First, let me say how impressed I am with the partnership from families during this unprecedented time in education. You continue to go the extra mile to help your children, during these stressful times. No one could have seen this coming when we started the school year in September, but we are finishing the school year strong in a manner no one expected.

Memorial Day

No schoolwork or food will be distributed on Monday, May 25, because of the holiday. Families who require food can pick up food for the week of May 24 on Thursday, May 21, 2020.

Summer school and extended school year

The extended school year for special education students at special services will take place virtually if ESY is listed in the Individualized Education Program. Our traditional summer school will not take place until further notice. This will likely be canceled for the entire summer. We will not conduct a virtual summer school. I will keep you updated if restrictions change, and we can perform an in-person summer school.

End of Year

All end-of-the-year events for non-eighth graders, such as athletic awards and academic awards, will take place in the fall when we return to school. It is crucial that we celebrate our achievements in the manner which is as close to normal as possible.

End-of-the-year events for eighth-graders are in the process of being planned. Currently, no in-person events of any kind can take place until further notice. The administrative team is working on a virtual celebration. I will send the survey to parents to ask what you would like to see in a virtual graduation. We will also be asking you to share pictures and videos of your 8th-grade students.

Our last day of school will be June 16, 2020. Please stay safe, and we look forward to seeing everyone back in the school building as soon as possible.

Sincerely,

Christopher Armstrong
Superintendent
North Wildwood School District
