Welcome Third Graders!

Third Grade is a year when students are able to build upon the foundation of readiness and math skills and concepts they learned in second grade. They will also be encouraged to become more independent and responsible.

The information in this presentation will make you aware of various skills for language arts and math as well as personal and social responsibilities that students should have as they enter third grade.

Thank you for taking the time to review this presentation. We hope the information will be useful to you and your child.

Parent Expectations and Suggestions

- Speak positively about our school and staff. If you are excited about learning, your child will be, also.
- Communicate with the teacher and sign weekly folder
- Take time each day to talk with your child about his/her day
- Help with homework
- Make sure your child is prepared to come to school with needed items and supplies
- Make sure your child gets plenty of rest each night
- Make attendance at school a priority. However, please be aware of any symptoms your child might have that would indicate illness. Keep your child home if he/she has a fever.

Expectations and Suggestions (continued)

- Read to and have your child read independently each day. Encourage them to tell you about the reading.
- Take time each day to talk to your child about anything and everything
- Watch the news together and discuss it
- Urge your child to use logical arguments to defend his/her opinion
- Involve your child in activities and games that require listening and following directions
- Encourage work values such as effort, persistence, and initiative
- Encourage responsibility by having them put away personal belongings and assist with simple chores

Additional Helps

- Visit our school website (county website www.acboe.net) and click on “3rd Grade Readiness Newsletter.” There are several items that can be printed for you to use with your child. These include: Reading List, Bingo game, Handwriting information, Fry Words Lists, Addition Facts Table, Subtraction Facts Table, Multiplication Times Table, Things to Do with a 120's Chart, and a 120 Chart.
