Date: March 11<sup>th</sup>, 2021

Dear Parents and Guardians,

With warmer weather approaching and many making travel plans, the District would like to update everyone on the most recent travel guidelines we are following here at Nehaunsey Middle School.

Students who have traveled outside of the immediate region (New York, Connecticut, Pennsylvania, and Delaware) are required to quarantine (from date of return) for 7 days with a negative COVID test. The COVID test should be taken within 3-5 days from the day you have returned. Without a negative COVID test, a 10-day quarantine is required.

Families traveling under these guidelines are obligated to notify the Main Office and/or the School Nurse of travel dates and which quarantine option your student is going to follow. If you choose the 7-day quarantine with COVID testing, your student's negative test results must be sent to the School Nurse electronically the day before they return to in-person learning or as a hard copy their first day back at school.

Thank you for doing your part to keep our students and staff safe! Should you have any further questions regarding these guidelines, please feel free to email or call using the contact information above.

Amy Camp, School Nurse
