Kindness/Pledge Tree

During the month of November the students were able to come and make a pledge to be bully and drug free. They were given hearts to sign their names on and were able to place them on our Kindness Tree. There was a tree located at the Elementary and Intermediate. Along with this, the students were able to decorate Red Ribbons at home and these were added to the tree as well. I thank you all for your help and support! The trees turned out amazing!! Below are pictures from each campus:
