

The Alabama Broadband Connectivity for Students Program (ABC) is sending a second full round of voucher letters this week and is encouraging families to call 1-888-212-4998 to receive their voucher number over the phone.

This number is also the best way to reach the ABC for Students Program with any questions.

The second round of mailed vouchers should be arriving beginning on September 28th and will be sent to anyone who has not yet redeemed their voucher or whose addresses have been changed. <https://abcstudents.org/>
