

The Foundation for Owosso Public Schools

The Foundation for Owosso Public Schools was created out of the passion to extend cutting-edge initiatives that go beyond the school district's budgetary resources.

Our Goal and Our Focus

Our goal for the Foundation is to promote hands-on instruction and support inspiration beyond the classroom through educational grants. Our focus is funding educational grants for outstanding projects that expand the intellectual horizons of our students while embracing world-class opportunities. Grant applications are open to all employees of the district.
