

March Is National Reading Month

Help Your Child's Reading Skills Reach The Next Level!

1. Have your child start a reading log.
2. Pick a subject and have your child write a short report on it.
3. Ask your child to make a special bookmark to use.
4. Have your child read you a page from his/her favorite book.
5. Ask your child to make an original comic book.
6. Play a word game, like Scrabble®.
7. See if your child can create a simple crossword puzzle.
8. Ask your child to write a story about the best day he/she ever had.
9. If your child is into sports, teach him/her how to read a baseball box score.
10. Just for fun, teach your child a foreign word or phrase.
11. Have your child read about someone he/she admires.
12. Have your child read you a recipe to follow while you cook.
13. Go online and find a fun science project you can do at home.
14. Hold a family spelling bee.
15. Challenge your child to find on a map all of the places your family has visited.
16. Teach your child a new word and use it throughout the day.
17. Have your child read stories aloud using different voices for the characters.
18. Set a good example—read for fun and information.
