November 9, 2020

*Tony Shinall*  
Superintendent

Good Morning Brimfield!

*Julie Albritton*  
Grade School Principal

We hope you and your family are healthy and well.

*Bill Robison*  
High School Principal

Yesterday evening, Brimfield administration was informed a positive case of COVID-19 of a staff member at Brimfield Grade School.

*Bren Dwyer*  
Grade School Secretary

Through consultation with the Peoria City/County Health Department, contact tracing has resulted in additional people needing to quarantine. All of the individuals needing to quarantine have been contacted.

*Julie Edwards*  
High School Secretary

As stated on Friday, we plan to remain in-person for as long as possible. We believe we have a plan that will allow us to open Monday for in-person instruction. We are at a crucial point for staffing. We wish to remind you that remote instruction may be unavoidable. We continue to ask that you have a backup plan that allows for remote instruction and be ready to employ that plan with very short notice.

*Kelsey Messineo*  
School Counselor

*Kevin Kreiter*  
H.S. Athletic Director

The cases in our area are continuing to increase. We ask that community members to continue masking, maintaining social distance, and washing hands frequently. Please be mindful of COVID-19 symptoms and do not send students to school if they are experiencing symptoms.

*Jason Sunderland*  
G.S. Athletic Director

We remain proud of the work the Brimfield community has done to keep our schools open for this long. We appreciate your teamwork and partnership.

*Kyle Petty*  
Bookkeeper

Yours in education,

*Michele Cox*  
Asst. Bookkeeper

*Lonna Sumner*  
District Nurse
