

ROBERT C. HATCH HIGH SCHOOL EMPLOYEE OF THE WEEK  
MARCH 8 - 12, 2021

Hello,

I am Rosie Lewis. I am delighted as well as proud to have been selected as Employee of the Week for Perry County School; R C Hatch High. As you know: I am a product of the seed that was planted in the Perry County School System that has been fertilized, nurtured, and grown into the productive and competent teacher that I am today. It has also been my desire to give back to my community; and continue to grow and produce well-rounded productive students in the core areas of education. It has also been my rewarding contribution to continue planting fertile seeds that were planted in me and grown to make a difference in an ever-changing and pluralistic society. It has been my heart's desire as a young lady to grow up and become the best educator that I could be. I have always reached out and helped others learn and grow. After completing my high school studies, I matriculated my education at Concordia College in Selma, AL and the University of West AL, Livingston, AL. I have been teaching second grade for 22 years in the Perry County School System. I can honestly say that my assignment has been challenging, but rewarding. I have a wonderful husband of 21 years; Councilman Carlton Lewis, Sr. and two children Carli and Carlton Jr.

I am striving to make the "BEST BETTER."
