

# Create Your Own Cookbook

For this assignment I challenge you to try new recipes and write them down. Record different recipes that you have tried so that we can make a class cookbook when we come back. You can print this out or insert a text box and type them up.

These Recipes can be simple or complex. These recipes can be from online resources, cookbooks, magazines, or from a parent or grandparent.

You can write down: If you made this recipe again would you change any ingredient, time cooked, or preparation technique?

If this was a non healthy recipe, how could you have made it more healthful? What ingredients could you have taken out or replaced?

Make a mark at the top of your recipe card such as a heart or star to indicate if it was a favorite.
