

Mrs. Lucas's Weekly News

August 14-18, 2020

We have had an amazing first week! Thanks so much for helping it go smoothly! Just a little reminder, any time you feel the need to talk with me feel free to call the front office and leave me a message, email me, or message me on Remind. This page will be coming home every Monday.

Tomorrow you should receive some work samples in your child's Tuesday Folder. Everything that comes home with a number grade on it has been entered into the grade book. If it has something else on it the paper was used for a daily activity but, was not a grade. You are to sign the stapled papers and return them in the Tuesday Folder. Everything else that comes home in the folder may stay home with you. Also please sign the paper on the left to ensure you saw the Tuesday Folder.

Homework also came home for the first time today. You can expect as the year progresses to have nightly homework. The nightly homework will be either to re-read a story we have read in class or to do a short page based on questions from the story or skills of the week. I will send out an outline of what should be practiced when as soon as all regular homework starts coming home. Right now, your child will only have a minimal nightly homework to help get them adjusted. Remember everyone should be also reading a book of their choice nightly. Each week you should practice spelling words and review the sight words/high-frequency words listed on the newsletter. Homework should not take more that 30 minutes per night.

<p><u>Reading Skills</u> Short Vowel /a/ Examples: cat, mat</p> <p>Open/Closed Syllables</p> <p>Lessons in Schoology: 1-5</p> <p><u>Grammar</u> Nouns in Sentences</p> <p><u>Spelling Words</u> No, not, me, met, hi, hit, go, got, be, bet (Student must be able to Spell these)</p> <p>*Test on Thursday, September 17th *</p> <p><u>High-Frequency Words</u> A, green, I, see, one, the, we, like (Students must be able to read these)</p>	<p><u>Math</u> Identifying and Recognizing numbers 1-20</p> <p>Lessons in Schoology: 5-9</p>	<p><u>Social Studies/Science</u> Our School/Our Classroom</p> <p>We will review school/classroom procedures as well as discuss our community.</p>
