

June 15, 2020

Dear WAJ Families,

You are receiving this letter to notify you that if your child is entering one of the following grades in September, he/she is required to have a current physical on file per New York State: **New entrants, Pre-K, or K, 1, 3, 5, 7, 9, 11**. To be considered current, it must be within 1 year from the first day of school in September. Physicals are also required **annually** for students who play **sports**.

Furthermore, if your child is entering one of the following grades, they need to have new/updated immunizations: **Pre-K, K, 6, 7, 12**. For specific requirements, please refer to the WAJ website, consult their doctor's office or you can call or email me. Public Health is an option if your child needs immunizations and you are unable to see their primary physician.

Please call your physician now to make an appointment. It is very busy and difficult to get a slot in many doctor offices.

Best regards,

Gabrielle Gonzalez RN
