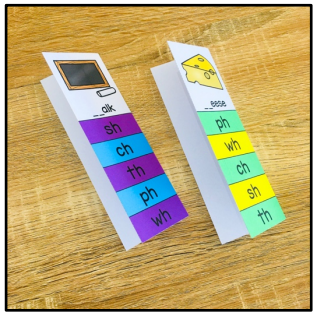
Teachers' Notes

Thank you for downloading *R-Controlled Vowels Clip Cards FREEBIE*. I wish you and your students loads of fun and learning with this activity.

Preparing the Clip Cards

To prepare the clip cards, print on cardstock and cut around the edges and down the middle of the page to create two separate cards. Fold each card in half and glue together. For extra durability, laminate the cards.



Using the Clip Cards

Provide students with clothespins or paperclips. Students hold the card so that the picture is facing them, choose the letters to complete the given word and clip the box to indicate their answer. Students can check their answer against the correct one given on the reverse side of each card. Students record the correct answer on their recording sheet.
