

MEADE COUNTY SCHOOLS BUS SNOW ROUTES 2019-2020

Updated 11/22/2019

The following description indicates routes that will be used at times when it is determined that some roads are safe to travel and others are not.

The decision to run Snow Routes will be announced by 6 AM on radio station WMMG 93.5; Louisville television stations WHAS11, WAVE3, WLKY32, FOX41; text alert from Snow FOX41 Text Alert; and the Meade County School District Facebook page.

All parents, especially parents of elementary and preschool children, are cautioned to have contingency plans for their children, in the event weather alters their bus schedules. Weather conditions may dictate running snow routes when school is released early. If running snow routes in AM, will also run them in PM.
