****This Summer****

There are lots of things you can be working on this summer!

- **Reading:** Read every day! It doesn't matter what they are reading. This is great practice!
- **Writing:** Having your child write about what they have read is fantastic! New 2nd graders are often surprised how much we write and their little hands hurt. Start building stamina this summer!
- **Math:** We cannot stress enough how much memorizing **math facts will help your child upon entering 2nd grade.** This means no fingers or number line. Flash cards will work (sums to 20)!
