What is your favorite Halloween Costume?

- Ghost – 4
- Scarecrow – 5
- Monster – 5
- Vampire – 6
- Witch – 6
- Pumpkin – 12
- Black Cat – 14

And the winner is...Superhero – 24

Isaiah and Hector's Headline Interviews-

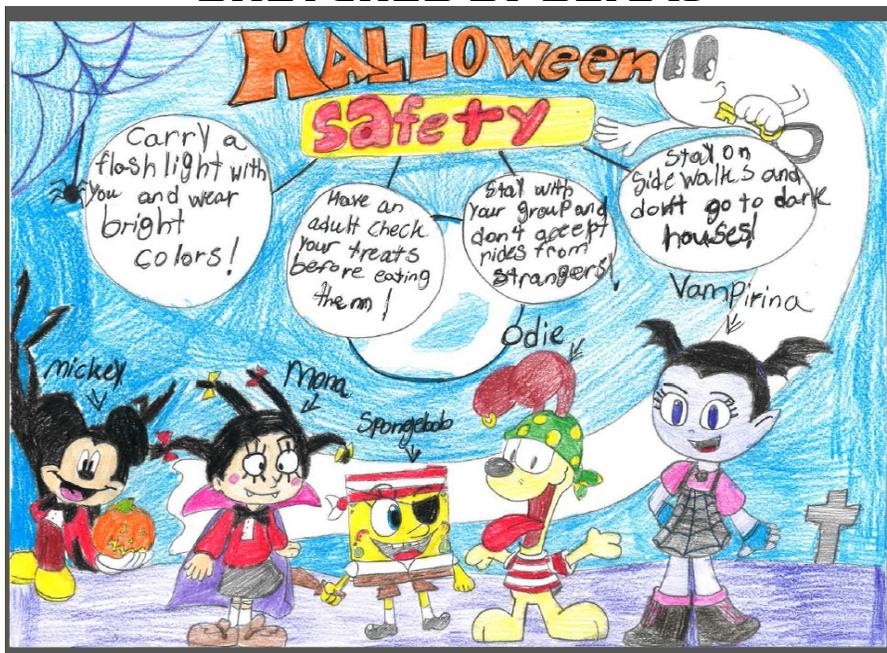

October is Fire Safety Month and we have been learning all about fire safety and the tools and equipment that firefighters need to properly do their jobs. On Friday, October 18, 2019; Mr. Gillespie, Isaiah's dad was able to come into

our class and demonstrate all of the different equipment that he needs in his job as a firefighter with Clifton Fire Company. Officer Gillespie demonstrated the personal alarm that each firefighter has to wear, if a firefighter does not move it begins to beep louder and louder. Did you know a firefighter's gear weighs 50 pounds! Wow that's a lot of gear to keep a person safe in a fire.

SKETCHES BY SEMAJ

Around Town with CBI

Some students of ADS took a historical tour of Camden during their scheduled community based Instruction time. Two sites visited were the gigantic and impressive U.S.S. New Jersey, launched in 1942 and the great American poet Walt Whitman's house, located on Martin Luther King boulevard. It was a fun and informative trip.

Some students took a trip to the 9-11 memorial in Brooklawn .

Andre's Awesome Dude Challenge of the Month

DIZZY DUDE SHOT

What you need

- 1 or 2 friends to play
- 1 ball per player
- 1 Bucket per player
- A line to shoot from

What to do:

- Turn around 5 times
- Go to the "shoot line"
- Get your ball and throw it at the bucket
- 1st one to make the shot wins!!!

Five Minutes or Less for Health Weekly Tip: Teach Kids Healthy Habits

Healthy kids are more likely to become healthy adults. Be a role model and help your kids make safe and healthy choices every day. ~Buckle up every age, every seat, every trip. ~Put on a helmet during outdoor activities, including riding bikes and skating. ~Brush and floss teeth with fluoride to help prevent tooth decay. ~Wash hands with clear running water and apply soap. Rub hands for at least 20 seconds, then rinse.~Get a flu vaccine. Everyone needs a flu vaccine – every flu season. ~Be active. Children and adolescents need a total of 60 minutes of physical activity every day.

Daniel and Tysai's Tech Talk-

This month we looked into game apps and we found one that is great for the month of October. The first is a free app called Smash Hit, which is a glass breaking game. Players launch a metal looking ball into virtual glass type structures to break them and move through the game.

Book Review by Emily

There Was an Old Lady Who Swallowed Some Leaves!

Written by Lucille Colandro & Illustrated by Jared Lee

This book is about an old lady swallows a bunch of fall items and then sneezes out a surprise. The author wrote this book in 2010. What are our opinions about this book? Emily says "It's a funny book and I enjoyed reading it." Brian says "I like the rhymes!" Andre thinks the pictures are colorful. Room 15 gives this book 5 pumpkins out of 5!

Dates	Weather Conditions
Nov 1-4	Sunny, cool
Nov 5-10	Showers; warm, then cool
Nov 11-16	Showers, then sunny, cool
Nov 17-23	Rain to wet snow, then sunny, cold
Nov 24-29	Heavy rain, then sunny, cold
Nov 30	Rain
Nov.	temperature 46° (1° below avg.) precipitation 2.5" (1" below avg.)

ANGELICA AND AMIRA'S AWESOME MOVIES-

The new Addams Family opens Friday, October 11, 2019. It is an animated movie that follows Addams Family members' mom Morticia, dad Gomez, sister Wednesday, brother Pugsley and other creepy and spooky characters; as they move to the town of Westfield, NJ. Fun trivia fact, the town of Westville, NJ is actually where the comics' creator Charles Addams grew up. The movie is rated PG and runs about 1 hour and 27 minutes.

How's it Growing with Horticulture?

Our school's 2019 Monarch Tag and Release program has officially ended and our results have been submitted to the national Monarch Watch database. Our Monarch caterpillars were housed in the science room and ADS Rooms 3, 14 and 28. A total of 14 chrysalises were formed. Of the 14, eleven Monarch butterflies emerged and 10 were tagged and released. (Three chrysalises were non-viable and one butterfly emerged with crumpled wings (a result of a parasitic infection) and could not be released. We released six males and 4 females.

Project Monarch Watch will use the Monarch tags to help track migratory patterns and the overall health of the Monarch population.

Thank you for participating/supporting this Citizen's Science effort.

If you are interested in planting butterfly friendly garden plots at home or school, please see Linda McHugh. We have many resources to promote Monarch friendly habitats.

Kana's Kitchen and Paige's Pantry-

<http://www.sugarandsoul.co/apple-dump-cake/>

Need an easy fall dessert? Try an Apple Dump Cake! Now don't be scared by the name, a dump cake just means that you dump all of the ingredients into a dish or a pan. For cooking one Friday, we made an Apple Dump cake and it was delicious and really, really easy. There are really only 4 ingredients: a large can of apple pie filling* (about 40 oz.), a box of Spice Cake mix** (15 oz.), 1-minute oatmeal (1 cup), and melted slated butter (1 cup or 2 sticks).

*-Don't like apple, you can use any kind of pie filling, like cherry or blueberry.

**-Don't have Spice cake mix, you can use white, yellow, or butter cake mix and just add in 3 teaspoons of cinnamon to the mix.

Directions:

Preheat the oven to 350 degrees F and spray a 9x13 inch baking pan with cooking spray

Pour the apple pie filling into the baking dish.

In a medium bowl, combine the cake mix and oatmeal and then sprinkle it over the pie filling.

Pour the melted butter over the top of the cake and oatmeal mixture as evenly as possible.

Bake the cake for 40-50 minutes. The top of the cake should be slightly crisp and golden brown, like an apple crisp topping.

You can eat it warm or cooled; try topping your serving with ice cream or whipped cream for a tasty fall dessert.
