## **Updates for the Week of April 13-17, 2020**

### **Shelter in Place**

At RES, we care about you and your child's safety. We encourage each of you to follow the executive orders of Governor Tate Reeves and the CDC and stay home, wash your hands, and social distancing. Please give us a call if you need assistance with anything.

### **Building Closed/Office Hours**

RES hours of operation are Monday and Wednesday ONLY between 9:00 am and 12:00 pm. We can be reached at (662) 335-4528.

### **Accelerated Reader (AR) Questions**

If your child takes an AR test but it is not registering or showing progress, please let your child's teacher know so we can make necessary adjustments. We are aware that some students have been having an issue and we are correcting the issue when we are notified.

### **Packets/Online**

Packets/Lessons for this week have been posted on the Parent Resource Page under the tab for "Assignments April 13-17". Teachers will continue to assign IReady lessons online. If you need assistance, please call the RES office or send your child's teacher a message. **PLEASE NOTE:** All paper packets should be kept at home until further notice.

### **Parent Resource Page**

Please check our Parent Resource Page for all updates which will include information for students and parents during this time away from "the norm" of being in school.

If you have any questions, please feel free to email or message your child's teacher through School Status or contact one of the RES administrators, Principal Young, [daphne.young@westernline.org](mailto:daphne.young@westernline.org) or Assistant Principal Smutzer, [heather.smutzer@westernline.org](mailto:heather.smutzer@westernline.org).

Educationally yours,

*Daphne Young*
