Guidelines for re-opening school activities and facilities

**Red

Prague Public Schools will reopen athletic facilities with guidelines as of June 1, 2020. In order to protect all students and faculty, certain procedures, as recommended by the OSSAA will be put into place. Prague Public Schools can not guarantee that COVID-19 is not, and will not, be present in any school facility or at any school sponsored activity. By allowing your child to participate, you acknowledge the contagious nature of COVID-19 and voluntarily assume the risk that your child(ren) may be exposed to COVID-19. At any time, if you feel it is in the best interest of your child not to participate, you have the right to withhold them from the activity.

The guidelines are compiled from information gathered from the CDC, the state health department, the NFHS Sports Medicine Advisory Committee, and local physicians. Although there is no way of insuring that students will not be infected with Covid-19, we feel these guidelines give us the best chance to minimize the risk of becoming infected. This is a fluid situation and may be adjusted at any time.
