Science - Ms. Marquis/Mr. Drewnoski

This week the students will be reviewing the scientific method and lab safety. They will be completing a lab which requires them to follow the steps of the scientific method and to use detailed measurement skills as well as following directions.

Standards: Skills of Scientific Inquiry, Practice and Applications - All students must use these scientific processes with appropriate laboratory safety techniques to construct their knowledge and understanding in all science content areas.

Social Studies - Mrs. Sakely/Mr. Drewnoski

There is no 6th grade Social Studies the second semester of the school year.

Intervention Specialist - Mr. Drewnoski

I will be sending out invitations to the parents of students on IEP to join my ClassDojo group. This can be accessed through a computer or a smartphone app. If this is not possible we can communicate via email or feel free to call the school to contact me. With ClassDojo I am able to send images and resources to keep you up to date on your students progress. It is also just a simple way to communicate. For questions and/or concerns, please contact me at: keith.drewnoski@southern.k12.oh.us
