

# MCPSS Academy of Virtual Learning

## Empowering Tomorrow's Leaders, Using Today's Technology

In the Fall of 2020, MCPSS Academy of Virtual Learning (MAVL), formerly known as Envision Virtual Academy, is moving to the campus of Murphy High School.

It will remain a separate school from Murphy. The extra space will allow for expanded learning opportunities for our students, including classrooms for individual and small group tutoring, a lounge area for students to bring their own laptops, a computer lab for student use, and a room for proctored testing.

As an innovative, highly accountable learning environment without walls, MAVL offers a unique and flexible learning environment, extensive support from teachers, individualized instruction, and a full range of courses.

Unlike in a traditional school, MAVL allows students to work in their courses at the time of day that is more suitable for their schedule. Face-to-face meetings occur on campus for tutoring, academic counseling, and proctored testing.

During Curriculum Lab visits, students can form study groups and friendships while enhancing their 21st century skills. MAVL offers not only core courses, but also many career and technical education courses, honors and Advanced Placement courses, foreign languages and other electives which will enable our students to have a well-rounded educational experience.

### Why choose MAVL?

- Students have daily flexibility to work at a time and place that suits their individual needs.
- Students can accelerate their learning to graduate early for 9th-12th graders. An optional summer term allows students to forge ahead or catch up for 10th-12th graders.
- Certified teachers are available to help all students be successful. These mentors provide individual tutoring sessions and weekly academic counseling.
- Students may pursue extracurricular activities at their zoned school, such as band, choir, JROTC and sports.
- Classes are free, with a minimal \$40 registration fee to cover supplies, ID badge, and welcome packet.

### Enrollment

Requirements for enrollment include, but are not limited to:

- being a rising 8th-12th grader.
- being enrolled in a public, private or home school.
- being a resident within one of the MCPSS school zones.
- being at or above grade level in reading and math.
- having acceptable attendance and minimal discipline issues (No C-E offenses).
- having a minimum 2.0 GPA for 10th-12th graders.
- having passed all academic courses for upcoming 8th and 9th graders with an overall "C" average in all courses.
- having a laptop or desktop computer and access to consistent internet.
- having reliable transportation to attend lab days.

### Expectations

Students are expected to work on a paced schedule, with individual and collaborative assignments due weekly. However, students have the flexibility to work at a time and place that suits their individual needs. For students to be successful in the program, students will need to complete the prescribed amount of assignments each week.
