

Janet M. Serino
Superintendent

Dear Intermediate Center Families:

The Intermediate Center is going to pilot a program to support student success! In order to accomplish this task, we need to make minor adjustments in our schedule. On Mondays ONLY, teachers will not be live with the students. This change will begin on October 5, 2020. Each Monday, teachers will have pre-recorded lessons posted to their Google Classrooms, along with independent work to go along with the lesson for that day. Related Arts teachers will have the option to post pre-recorded lessons or be live with the students. Please attend your Related Arts Teacher's Google Classrooms at the scheduled time to determine if the class is pre-recorded or live. If students receive Related Services during Intervention, they will still receive these services live with the teacher during this time.

Teachers will be collaborating with each other in the morning to determine what individual students need in order to be successful in Google Classroom. They will be able to determine who needs to complete assignments, how instruction can be adjusted to meet the needs of all students, determine who missed test(s), and most importantly, who may need extra support navigating Google Classroom.

Teachers will hold office hours from 12:30-3:00 P.M. or from 1:00-3:00 P.M., depending on the teacher. Teachers will be in their Intervention Google Classroom at these times to help students who may need help with lesson(s) posted in the morning or from the prior week. Teachers may also attempt to contact students by phone or email to help them make up tests or quizzes.

Teachers will be available from 3:00-3:35 P.M. to contact parents and vice versa. Please understand, this is a program we are piloting at the Intermediate Center. Our goal is to make sure all students succeed and we believe this program will be extremely beneficial to our students at the Wyoming Area Intermediate Center.

Sincerely,

Brian Strazdus
Intermediate Center Principal
