**WOLCOTT PUBLIC SCHOOLS
WOLCOTT, CONNECTICUT
SUPERINTENDENT'S REPORT
JUNE 08, 2020**

Dr. Gasper's Report:

- I'm thankful to our Fire Chief and Emergency Management Director, Kyle Dunn, for coordinating a very large shipment of PPE to the school system. This shipment was at no cost through the State of Connecticut. We've received masks, gloves, gowns, and face shields. All of these will be needed as we reopen our schools, in some fashion, in the Fall.
- We are in progress of ensuring that each classroom in the district has a hand sanitizer dispenser. Our custodial and maintenance staff are installing these stations now. The sanitizer liquid itself has been ordered and we're hopeful that the backlog for this product will be gone by August.
- Unfortunately, Dime Oil is not willing to work with us on donating surplus heating oil to residents. The Mayor and I are still discussing this issue but it's unfortunate that the company did not feel that they could participate in this project.
- Tonight the Board will discuss a memorandum of agreement with the teachers' bargaining unit. When the Board chose to shorten the school year for students, this created four paid, contracted days for teachers that would not be with students. Two of these days were used on March 19th and 20th when students were home and teachers came into schools to prepare for distance learning. The MOA addressed the remaining two paid days. Because we are anticipating a higher-than-usual number of "incomplete" grades for students, these two days will be used flexibly to complete correcting and grading of make-up assignments over the summer. This is not a form of summer school and the teachers will not be expected to teach new content. This is time for them to correct work that is turned in after the end of the student school year.
- We continue to meet frequently and finalize plans for summer school. The vast majority of summer school offerings will be virtual and designed to help students who have extended school year (ESY) on their special education plans. A very small number of pre-k special education students and a small number of WHS students who need support in credit recovery will come on campus at AES for summer school services. Most other school districts have chosen not to do any in-person learning in the summer. We've chosen to do so for two reasons: we feel that the selected students are the ones that are in greatest need of in-person learning and whose parents have expressed interest in this, and; this will function as a small dry run for implementing the rigorous guidelines released by the state - many of which, I feel, are likely to continue into the coming school year.
- We are working hard to get our diploma covers and diplomas from the printer in time for the 6/18 graduation. The printer is a national company located out of state. Our order was placed in February and we are pressing them to get the items here in time but they were closed for several weeks because of COVID. In normal years, their turnaround time is 2-3 months on our order.
- I've received and accepted a request to serve as a mentor to an aspirant superintendent. You may see Lenore Gagain at future BOE meetings and committees as she and I work together to help her obtain her 093 certification.

Memorandum of Agreement

The Wolcott Board of Education (hereinafter the "Board") and the Wolcott Education Association (hereinafter the "Union") agree to the following:

1. The Board and the Union are parties to a collective bargaining agreement due to expire on July 31, 2022.
2. Article VI of the collective bargaining agreement states the work year for teachers.
3. At the completion of the 2019-2020 student school year, there will be two (2) additional teacher work days to be completed.
4. The Superintendent has set August 14, 2020 as the date upon which incomplete grades must be resolved.
5. Therefore, Board and the Union agree to modify Article VI of the collective bargaining agreement and that the two (2) additional work days will be used for teachers to grade work submitted after the student school year ends, but before August 15, 2020 with the following parameters:
 - a. Teachers will send students a list of all uncompleted work prior to the end of the student school year.
 - b. Teachers are not expected to push out new curriculum or teach during this time period.
 - c. Teachers with standing incompletes are expected to check their email/Google classroom periodically, but not less than once every ten (10) calendar days.
 - d. Teachers will have broad flexibility in the turnaround time to grade such work before the August 15th deadline.
 - e. If teachers are on a planned vacation during the first weeks of August, they will let their principal know of such plans and any submitted student work will be corrected when they return.
 - f. If a teacher's student caseload submits work that is in excess of two (2) work days, that teacher will be compensated for the additional time at the rate of \$35 an hour.
6. This agreement will take effect if a majority of Wolcott Education Association voting members vote in the affirmative to this change in working conditions for the 2019-20 school year.
7. This Memorandum of Agreement and the terms contained herein shall neither establish a past practice nor a precedent with respect to the issues addressed herein.

New Construction

Naming/Renaming of School Buildings, Components of Buildings, and/or School Grounds

It is the responsibility of the Board of Education to name school buildings, components of buildings and school grounds. The decision will be based upon its assessment of the special significance of a name or, in the case of an individual, exceptional service to the children of Wolcott. Such recognition requires substantial support and comprehensive review.

In the naming of a previously unnamed building, the Board shall establish a sub-committee as described below to receive community input and to make a recommendation. The names of buildings that are not regularly used by students shall be generic (i.e.: Maintenance Building) and shall be the sole responsibility of the Board of Education.

Individuals to be considered shall have served in the continuous employ of the Wolcott Board of Education for an extended period, usually in excess of ten years, with the name being submitted after separation from compensated service for a minimum period of one (1) year; or be a non-employee of the Wolcott Board of Education who has made an exceptional contribution to the children of Wolcott for an extended period. Particular attention shall be given to local candidates.

The Board of Education will determine when a component of a building is of sufficient nature to be assigned a name. A proposal to name a component of a building shall meet additional criteria: the component shall be representative of a curricular discipline and the individual shall be recognized as appropriate to that component.

The process shall be initiated by action of the Board of Education or by presentation to the Board of a petition representing the signatures of one hundred (100) registered voters of the Town of Wolcott. Once initiated, the Chairperson of the Board of Education shall select a sub-committee for the purpose of reviewing the proposal. The sub-committee shall consist of the following minimum representation:

The Chair of the Board of Education (ex officio)

The Superintendent of Schools (ex officio)

- (1) member of the Budget/Facilities Committee
- (1) administrator
- (1) teacher
- (1) parent of a student enrolled in the Wolcott Public Schools
- (2) residents of the community not represented above

The Board of Education shall make public notice of the formation of the subcommittee and its charge for the purpose of encouraging representative communication. The initiator of the request shall bring before the subcommittee the following documentation/exhibits.

For an individual:

- evidence of outstanding achievement
- resume of public service
- ten (10) letters of recommendation

For a name other than that of an individual:

- * a written presentation of the special significance of the name

The sub-committee shall validate the documentation and meet with any and all individuals or groups it deems appropriate. It shall present its recommendation to the Board of Education in accordance with Board of Education bylaws and policies.

Once an individual has been recognized in this manner, it will be the policy of the Board not to rename the facility. Should substantial evidence be provided that would indicate that such recognition is no longer appropriate, a subcommittee of similar structure as outlined above would be established for review. Action to remove this recognition would require a minimum of seven affirmative votes of the membership of the Board of Education.

SUBJECT: Temporary Extension of Educator Certificates and Coaching Permits

In accordance with Governor Ned Lamont's Executive Order 7C, I am writing to provide guidance regarding the extension of educator certificates and coaching permits for educators whose ability to meet statutory and regulatory requirements may be impacted during the COVID-19 pandemic.

Effective immediately, the Bureau of Educator Standards and Certification will extend the expiration date of *all Initial and Provisional Certificates (including Interim) and 5-Year Coaching Permits with expiration dates between 3/15/20 and 12/31/20 for 1-year from the date of original expiration.*

This extension does not apply to permits and/or authorizations such as 90-Day Certificates, Long Term Substitute Authorizations, Durational Shortage Area Permits (DSAP), Charter School Educator Permits and Emergency Coaching Permits, nor does it apply to Resident Educator Certificates. Educators currently serving under any of the aforementioned permits/authorizations will be able to seek renewal at the time of expiration in accordance with existing policy and procedures.

Educators may continue to renew Professional Educator Certificates online or by mail at no cost to the applicant, in accordance with existing policy and procedures. Additionally, 5-Year Coaching Permit holders are reminded it is their professional responsibility to maintain current First Aid and CPR certifications.

Over the coming weeks, the Bureau of Educator Standards and Certification will automatically update new expiration dates within the Connecticut Educator Certification System (CECS) and will print and mail new certificates to those educators impacted by the change.

Dear Board of Education,

I would like to continue the opportunity that I have been given to coach our Wolcott High School Girls Tennis team. I have been coaching for the past 4 years and I have been grateful for all the chances I have been given here. If I get the chance to continue at this position I am dedicated to making this program the best it could be both on and off the courts. The best experience I have had, have been based around the success of the players on the court but the greatest experience is seeing the player grow off the courts into young adults.

To whom it may concern:

I am writing to notify you of my intent to re-apply for the Head Outdoor Track Coach position next year.

We work every season to foster a safe, accepting and respectful environment for the students to learn and grow, as well as giving back to the community. We allowed for creativity by allowing athletes to help come up with workouts that they enjoy. We also collaborate with the athletes on how to improve our practices.

As part of the oversight committee for the NVL track programs, I have helped to develop a forum for a more ethical system for inputting times. This season has always helped me improve my abilities as a coach with having to adapt to Coronavirus and learning and understanding each individual athlete's needs.

I am certain I am the right person to continue to lead the program and build off the foundation that I am proud to be part of. I look forward to continuing to grow, and be part of developing our athletes into strong academic and athletic students.

Thank you for your continued support of our programs and coaches. I hope to continue to be part of it.

To Whom It May Concern:

I am writing to notify you of my intent to re-apply for the Outdoor Head coach position.

Over the past years I have been a coach at Wolcott High School overseeing various sports. I feel my commitment for growth, for the athletes as well as myself as a coach, enables me to be the best coach I can be. During my years of coaching I have been able to gain a higher understanding of the value and importance of athletics to our youth. Because I teach classes and work with student athletes at the college level (Marist College), I feel I am able to prepare these student athletes for life beyond high school athletics. In addition, I am fully up to date with all of my coaching certifications and training that are needed for the high school level.

I am confident that I am the right person to continue to lead the outdoor track program. I look forward to continuing to challenge the athletes to be respectful, creative critical thinkers on and off the field.

Thank you in advance for your time,

Sincerely,

Christopher Riviezzo

RE: Letter of Intent for Boys' Assistant Outdoor Track Coach

To Whom It May Concern:

Thank you in advance for reviewing my letter of intent to continue employment as the boys outdoor track assistant coach. Unfortunately, due to the COVID-19 crisis this season did not take place but I have held this position for the past five seasons. During my time as the assistant coach I have had multiple athletes compete and qualify to compete in both the NVL and State tournament. I enjoy working with the student athletes and helping them grow into their full potential. It would be a great honor to be reappointed to this position. Should you have any questions please feel free to call me at (203) 704-7455. Thank you for your time and consideration.

Sincerely,

I am writing this letter to inform you that I would like to continue in my role as the Head Softball Coach at Wolcott High School for the 2020-2021 season.

It is my goal to continue to build a strong and competitive Softball program here at Wolcott High School by working with the youth programs in town, and implementing a more intensive off-season program with our athletes. After this year, I have no doubt we will continue to be successful moving forward. Thank you for all of your support this year!

To Whom it may concern,

I am looking forward to returning as the Head Baseball Coach at Wolcott high school. For almost 30 years, I have been a part of this program and have stood for sportsmanship, character and pride. Every year I advocate that each player stays focused on the team goals before individual accomplishments and desires.

Year over year, we know how important Athletics is to our student-athletes. This year, with the loss of the season, we are feeling it even more. We hope to tap into this feeling of opportunity and even more so, of gratitude that will present itself to students and their friends when we are able to participate in sport again.

Dear Miss Adorno,

I'm writing this letter of intent to return as the JV baseball coach at Wolcott high school for the 2021 spring season.

It was unfortunate what happened this season. My heart goes out to all the student athletes, especially the seniors that will never have the chance to fully experience their special final year of high school the way they had hoped.

What happened this year has made me realize to never take anything for granted. I'm inspired even more to get back and mentor/coach my student athletes. I'm looking forward to getting back and make a positive impact to the unfortunate situation we all have endured.

I feel privileged to coach at Wolcott high school. I believe in our system and administration. I look forward in continuing to develop our student athletes, teach the game and most importantly continue to be a positive role model.

Sincerely,
Bob Warren

Re: Freshman Baseball Co-Coach Positions

Dear Ms. Adorno:

Please accept this letter for our interest in renewing our position of Co-Head Freshman Boys Baseball Coaches at Wolcott High School. Our coaching certificates should be up to date and on file.

This past year would have been our second year as the co-head freshman coaches following eight years as a volunteer at this level under the tutelage of Head Coach Dave Pelletier. We were excited to coach again this year with one year "under our belt" and we had a great group of young men that were driven, talented and we had got to meet many of them in our preparation for the season (grades, updated physicals, impact testing, etc.) We believe that we would have prepared these young men to contribute at the JV/Varsity level next year if they choose to continue in the sport. We also feel we would again be able to be valuable assistants on the varsity bench (under Tary Scott) during both any NVL and State tournament games with both our coaching and organizational skills. We feel that that our background, experience, passion and knowledge of the system warrant consideration for renewal. Thank you for your time and consideration.

SUBJECT: Temporary Extension of Educator Certificates and Coaching Permits

In accordance with Governor Ned Lamont's Executive Order 7C, I am writing to provide guidance regarding the extension of educator certificates and coaching permits for educators whose ability to meet statutory and regulatory requirements may be impacted during the COVID-19 pandemic.

Effective immediately, the Bureau of Educator Standards and Certification will extend the expiration date of *all Initial and Provisional Certificates (including Interim) and 5-Year Coaching Permits with expiration dates between 3/15/20 and 12/31/20 for 1-year from the date of original expiration.*

This extension does not apply to permits and/or authorizations such as 90-Day Certificates, Long Term Substitute Authorizations, Durational Shortage Area Permits (DSAP), Charter School Educator Permits and Emergency Coaching Permits, nor does it apply to Resident Educator Certificates. Educators currently serving under any of the aforementioned permits/authorizations will be able to seek renewal at the time of expiration in accordance with existing policy and procedures.

Educators may continue to renew Professional Educator Certificates online or by mail at no cost to the applicant, in accordance with existing policy and procedures. Additionally, 5-Year Coaching Permit holders are reminded it is their professional responsibility to maintain current First Aid and CPR certifications.

Over the coming weeks, the Bureau of Educator Standards and Certification will automatically update new expiration dates within the Connecticut Educator Certification System (CECS) and will print and mail new certificates to those educators impacted by the change.

Please contact Ms. Julianne Frost, at Julianne.Frost@ct.gov or 860-713-6724, with any questions.

Letter of Interest 2020-2021

Dear Mr. Distasio,

It is with great interest that I would like to return as the Baseball Coach at Tyrrell Middle School for the 2020-2021 season. This past 2 seasons, the boys have done a great job of competing and improving their skills to compete at the top of the Jr. NVL. I believe I progressed the growth of their performance skills to be successful at the middle school level. I look forward in continuing to lead and support our student athletes here at Tyrrell Middle School in the future.

Sincerely,

Joseph Murphy
