

## Math Choice Board

Directions: Choose an activity to complete each week.

|  |   |  |
|--|---|--|
| <b>Problem Solvers</b><br>Write multiplication word problems. Have someone to solve them.                                  | <b>Array Hunt</b><br>Go on an array hunt in your home. Draw each array, tell where you found it, and write a multiplication number sentence to match it.      | <b>How old are you?</b><br>There are 365 days in a year and 24 hours in a day. Use a calculator and what you know about multiplication to find out how many hours old you are. Now, find out how many hours old your parents, siblings, and other relatives are. |
| <b>Geometry City</b><br>Create a city using only lines, line segments, and polygons. Label all of the roads and buildings. | <b>Shape Search</b><br>Make a list of 10 shapes. Look around your house and see how many times you can find each shape. Write the places you find the shapes. | <b>Flag Design</b><br>Look at some example of flags. Use at least 6 different shapes to create a design for a flag for your school.  |
| <b>Problem Solving</b><br>Write division word problems. Have someone to solve them.  | <b>Recipe Fun</b><br>Write your own recipe for ice cream sundaes. Give step-by-step instructions. Be sure to include the amount of ingredients.               | <b>Ordered Pairs</b><br>Use graph paper to plot ordered pairs of your choice.<br><br><b>Ex: (5,2)</b>  |
