

OUR UNIQUE MODEL

YOUR STUDENT SUPPORT SPECIALIST

Hannah Yates
Site Coordinator
Bowdon High School
HYates@ciscarroll.org

The site coordinator fills a pivotal role as the single point of contact working inside the school coordinating and providing integrated student supports. The first step towards getting your student involved is to sign the Parent Consent Form and return it to school. It allows us to work with your student to create a plan for their success. We look forward to partnering with you on this journey.

CIS OF CARROLLTON/CARROLL

Hires and trains site coordinators, brings the CIS model to schools in need and mobilizes partners to provide resources.

SITE COORDINATORS

Trained professionals who work with school administrators to assess needs, develop a plan and build a team to provide supports to schools and students.

COLLABORATIVE PARTNERS

Schools, businesses and community agencies all work together with site coordinator to deliver supports to students and families.

HOW WE CAN HELP

Communities In Schools provides a safety net of support for students at the school site. By forming partnerships with human service agencies, businesses, civic groups, faith communities, and individual volunteers, CIS connects children and families to the resources and relationships they need to be successful in school.

ACADEMIC ASSISTANCE

From providing students with tutors, to finding and creating quiet spaces where students can study, our site coordinators work hard to ensure that students have the resources to progress academically.

FAMILY ENGAGEMENT

Our site coordinators check in with families often, and connect them with counselors, social workers and other school and community resources as needed.

BASIC NEEDS

From ensuring students get proper nutrition, are sleeping in safe places and have reliable transportation to and from school, to providing resources or referrals to their families when they are in need, there is no request too small for us.

ENRICHMENT

After school and summer programs give students experiences that can help prepare them for life after high school. Our site coordinators, executive directors and volunteers work together to find and create programs that combine education with fun, hands-on experiences.

COLLEGE & CAREER PREP

For students pursuing college, we help decipher the application process, explore scholarship opportunities, tour campuses and conduct mock interviews. For those planning to enter the work force, we help students discover enjoyable, sustainable career paths and connect them to internships, job shadowing opportunities and leadership training courses.

OUR RESULTS

Communities In Schools helps students achieve in school, graduate and go on to bright futures. Our mission is to surround students with a community of support, empowering them to stay in school and achieve in life.
