

# What is Clever?

\*The Clever website is a place where your child can sign in and have access to all of our practice websites in one place. If you click on the link on my class website, you will be taken straight to the student login page. If you go to [www.clever.com](http://www.clever.com) on your own, you will have to click on “Log in as a student” at the top right. **The username/password is your child’s student ID number.** I will send this to you individually. If you ever need me to resend it, don’t hesitate to ask! Click on my teacher page.

## What’s on Our Clever Homepage?

 <p>MyEpic!</p>	<p style="text-align: center;"><b>My Epic!</b></p> <p>Epic! has a large variety of books for the students to read independently and that can be read to them. This is where the books for the K reading lessons come from, but you and your child are welcome to use the whole site!</p> <p>You have 2 log in choices.</p> <ol style="list-style-type: none"><li>1. Log in using our class code <code>qjz2166</code> (school hours only).</li><li>2. Log in using your parent email and password.</li></ol> <p>*Remember that you are welcome to send me your email address to access the Epic! site anytime.</p>
 <p>Imagine Language &amp; Literacy</p>	<p style="text-align: center;"><b>Imagine Learning Language and Literacy</b></p> <p>This is new for the students, but it is user friendly and fun! This site is more like an interactive video game, and the students are able to practice their literacy skills. As the students complete the activities, the program assesses their skill levels and gives the students activities based on their own skill levels. From the Clever homepage, click on the blue robot, click on the blue robot again on the next page, and have fun!</p>

 <p>Imagine Math</p>	<p align="center"><b>Imagine Learning Math</b></p> <p>Imagine Math feels like a video game, but it has lots of great math practice! From the Clever homepage, just click on the link and go!</p>
 <p>Starfall</p>	<p align="center"><b>Starfall.com</b></p> <p>Starfall offers a variety of Kindergarten skill practice, including phonics readers. From the Clever homepage, just click and go!</p>
 <p>Brainpop Jr.</p>	<p align="center"><b>Brainpop Jr.</b></p> <p>Brainpop Jr. has a variety of videos for children on many different topics. This is great for Social Studies and Science. Children really enjoy the silly robot, Moby! From the Clever homepage, click the link. Once on Brainpop Jr., you will need to sign in.</p> <p>Username: HSES Password: thehope1</p>

**Please let me know if I can help with anything!**
