Identification and Notification

The Wolcott Board of Education is seeking to identify and notify the parents or legal guardians of children who may be in need of Americans with Disabilities Act section 504 services. The purpose of the act is to prohibit discrimination and to assure that disabled students have educational opportunities and benefits equal to those provided to non-disabled students. If you have a child with a handicap that substantially limits one or more major life activity and who is not currently identified, please contact your building principal or Mr. Walter Drewry, District ADA 504 Coordinator at (203) 879-8164.

Power School is our student information database system. As a part of our communications with parents and guardians, we want to remind you that you have access to the Power School "Parent Portal" which allows you to access student attendance, grades, assignments, etc. This feature is available for Middle and High School parents. In essence, parents can see teacher grade books to monitor their children's academic progress.

Next we will have a presentation from:

Miss Stacey Hart, about the International Student Trip to Europe this summer

I would like to thank the Board of Education for its constant support, kind words and continued confidence shown me over the past 11 years. It has been an honor and privilege to serve the students of Wolcott in this capacity as Superintendent of Schools for the past 7 years. This is a special place where caring people and a dedicated staff come together and achieve great things. I will miss working with everyone here and cherish these years. Good Luck and Thank You.
