NOTE: When determining moving or buying a home in the Autauga County School district, it is important to know which schools in the district your child will be ZONED. Zoning can be tricky, as some areas appear to be located in Autauga County, but in fact may be located in Elmore, Chilton, or other counties close in proximity. To determine which SCHOOL ZONE your child will be enrolled, it is advised that you contact our school system's Department of Transportation at 334-361-3897, to verify the exact zoning for an address.
