2020-2021 School Year

Dear Parent(s)/Guardian(s),

In order to better serve the students of Cook High School we have implemented several changes which we feel are pertinent to preserving a high quality learning environment. One change is part of our “zero tolerance” drug policy. All Cook High School students who participate in any extra-curricular activity (*clubs, sports, etc.*) must agree to random drug screening. Parents/Guardians must also give consent in order for students to remain eligible for extra-curricular activities.

We appreciate your continued support!

Sincerely,

Principal Dr. Eric McFee

I consent to being screened for drug use if I am randomly selected.

Student Name (Printed)

Date

I consent to my child being screened for drug use if he/she is randomly selected.
