Attendance Areas

8110 ATTENDANCE AREAS

The school grades in this district shall extend from Kindergarten through grade eight in a K-8 arrangement. Additional educational services for special education may be purchased from other districts.

Upon recommendation of the Superintendent and the approval of the Board, grades may be moved from one school to another, special classes added, or other grades added.

The Superintendent shall review annually the school attendance areas. Should changes be required for reasons of population changes or for any other just cause, the Superintendent shall make such adjustments in the attendance areas as will serve the safety needs of children and the financial and administrative needs of the district.

The Superintendent may make exceptions to the scheduling requirements on an individual basis for students upon whom a hardship would be worked through strict adherence to the approved district attendance areas.

Adopted: 14 March 2005
