

# May ISD Online Student Registration 2021-2022

**CHOOSE the DOCUMENT below that applies to your situation, and keep as a reference while registering your child online.**

Good news! May ISD has added the ability to complete student registrations online, both new and existing students. This process will allow us to reduce the abundance of paperwork sent home with your child the first week of school. Names, addresses and other personal information will be filled in automatically for all existing students, decreasing the time required to complete these required forms. Please make any changes to phone numbers or addresses while you are registering. This will ensure that we have correct contact information for each student.

Please note that the Athletic Code of Conduct and the Drug Testing Policy will continue to be sent home in paper form.

**Students NEW** to the district will need to bring the following items for registration on August 3 from 8am-12pm:

- birth certificate
- immunization records
- student's social security card
- parent's driver license
- Proof of residence (utility bill in parent's name with in-district address)
- last report card

**Existing Students** will register online by 1) Log into your Parent Portal Account > Register linked students, or 2) Create a Parent Portal Account > Request a Portal ID > Complete the registration process.

To register online, simply go to the May ISD website, click on "**2021-2022 Student Registration**", and sign in to your [parent portal account](#). If you have not created a parent portal account for your student, you will need your child's parent portal ID to create the account. You can get this portal ID by filling out this [Parent Portal Request Form](#).

Once you are logged in, begin registration. Contact your child's campus office for support or use the following documents:
