## A Note from the Teacher

Mr. Winger's assembly last week was about honor (Fear God. Respect. Obey your parents. Give generously.) Harlie, Will and Trevor were participants "on stage."

Students in winter sports or activities were recognized at a brief assembly on Thursday.

Speeches (poems or Bible passages) have been chosen, and a copy was sent home for each student. We will spend some class time working on them, but the majority of the memorizing should take place at home. Thank you for your help!

We have a different schedule this week. We are completing the TerraNova and InView assessments in the mornings. Students do not receive an MLC "grade" for them, but they are scored and inform how we as individuals, classes and teachers are doing academically. I ask that each student gives their best effort. I think we should be wrapped up with our tests by Friday morning. Students who are absent will make up tests with me during recess time.

*Mrs. Liebert*

## Homework

There is no homework this week.

## Dates to Remember
