

Getting My Own Address

for People with Autism Spectrum Disorders
and other Developmental Disabilities

A comprehensive but simple explanation of the steps, options and choices that are available to plan for housing in the community of one's choice.

This guide was developed through a grant by the Autism Society Oakland County. It was compiled with input from individuals with autism spectrum disorders and developmental disabilities, their families and supports (including teachers, transition coordinators, supports coordinators, caregivers and others).

Access the entire guide for FREE at
