COMPLIANCE WITH FAMILY EDUCATION RIGHTS AND PRIVACY ACT OF 1974 (FERPA)

In accordance with the policy of the Calhoun County Board of Education, the following regulation shall govern the release of student records to students and members of the student's family, legal custodian, or legal guardian.

DEFINITIONS

For the purpose of this regulation, the school district has used the following definitions of terms:

Student: Any person who attends or has attended a program of instruction sponsored by the board of education of this school district.

Eligible Student: A student or former student who has reached age 18 or is attending a post-secondary school, and who is no longer a dependent of the parent for federal tax purposes.

Parent: Either natural parent of a student unless his or her rights under the Family Education Rights and Privacy Act (FERPA) have been removed by a court order; an adopted parent; a guardian; or an individual acting as a parent or guardian in the absence of the student's parent or guardian.

Education Records: Any item of information or record (in handwriting, print, computer media, video or audio tapes, film, microfilm, microfiche, or other medium) maintained by the school district, an employee of the district, or an agent of the district which is directly related to an identifiable student except:

1. A personal record, including informal notes, kept by a school staff member, which meets the following tests:
  - A. It was made as a personal memory aid;
  - B. It is in the sole possession of the individual who made it; or
  - C. Information contained in it has never been revealed or made available to any other person except the maker's temporary substitute;
2. An employment record which is used only in relation to a student's employment by the school district (employment for this purpose does not include activities for which a student receives a grade or credit in a course); or
3. Alumni records that relate to the student after the student no longer attends classes provided by the school district and the records do not relate to the person as a student.

Personal Identifier: Any data or information that makes the subject of a record known. This includes the student's name, the student's parents or other family member's name, the student's address, the student's social security number, a student number, a list of personal characteristics, or any other information that would make the student's identity known.

ANNUAL NOTIFICATION

Within the first month of each school year, the school district will publish a notice to parents and eligible students of their rights under the FERPA and this policy. The district will also send home with each student a bulletin listing these rights and the bulletin will be included with a packet of material provided parents or an eligible student when the student enrolls during the school year.

The notice will include the following:

1. The right of a student's parent or eligible student to inspect and review the student's education records;
2. The intent of the school district is to limit the disclosure of information contained in a student's education records except: (1) by the prior written consent of the student's parent or the eligible student, (2) as directory information, or, (3) under certain limited circumstances, as permitted by the FERPA;
3. The right of a student's parent or an eligible student to seek to correct parts of the student's education records which he or she believes to be inaccurate, misleading, or in violation of student rights (this right includes the right to a hearing to present evidence that the record should be changed if the district decides not to alter it according to the parent's or eligible student's request and the right to insert in the student's permanent records an explanatory statement giving reasons for disagreeing with the decision);
4. The right of any person to file a complaint with the Department of Education if the school district violates the FERPA; and
5. The procedure that a student's parent or an eligible student should follow to obtain copies of this policy and the locations where copies may be obtained.

The district will arrange to provide translations of this notice to non-English speaking parents in their native language.

#### STATEMENT OF RIGHTS

Parents and eligible students have the following rights under the Family Education Rights and Privacy Act and this policy:

1. The right to inspect and review the student's education record;
2. The right to exercise a limited control over other people's access to the student's education record;
3. The right to seek to correct the student's education record, in a hearing, if necessary;
4. The right to report violations of the FERPA to the Department of Education; and
5. The right to be informed about FERPA rights.

All rights and protections given parents under the FERPA and this policy transfer to the student when the student reaches 18 or enrolls in a post-secondary school.

#### PROCEDURE TO INSPECT EDUCATION RECORDS

The parent of a student or an eligible student may inspect the student's education records upon request. In some circumstances, it may be mutually more convenient for the record custodian to provide copies of records. See the schedule of fees for copies below.

Since a student's records may be maintained in several locations, the school principals will offer to collect copies of records or the records themselves from locations other than a student's school, so they may be inspected at one site. However, if a parent or eligible student wishes to inspect records where they are maintained, school principals will make every effort to accommodate the wishes.

The parent or eligible student should submit to the student's school principal a written request that identifies, as precisely as possible, the record or records he or she wishes to inspect.

The principal (or other record custodian) will contact the parent of the student or the eligible student to discuss how access will be best arranged (copies, at the exact location, or records brought to a single site).

The principal (or other record custodian) will make the needed arrangements as promptly as possible and notify the parent or eligible student of the time and place where the records may be inspected. This procedure must be completed in 45 days or less from the receipt of the request for access.

If for any valid reason, such as working hours, distance between record location sites, or health, a parent or eligible student cannot personally inspect and review a student's education record, the school district will arrange for the parent or eligible student to obtain copies of the record. See below for information regarding fees for copies of records.

When a record contains information about students other than a parent's child or the eligible student, the parent or eligible student may not inspect and review the records of the other students.

#### FEES FOR COPIES OF RECORDS

The school district will not deny parents or eligible students any rights to copies of records because of the following published fees. Where the fee represents an unusual hardship, it may be waived in part, or in whole, by the record custodian. However, the district reserves the right to charge for copies, such as transcripts, it forwards to potential employers or to colleges and universities for employment or admission purposes. The school district may deny copies of records (except for those required by the FERPA) in the following situations:

1. The student has an unpaid financial obligation to the school.
2. There is an unresolved disciplinary action against the student that warrants the denial of copies.

FERPA requires the school district to provide copies of records:

1. When the refusal to provide copies effectively denies access to the records by a parent or eligible student;
2. At the request of the parent or eligible students when the school district has provided the records to third parties by the prior consent of the parent or eligible student; or
3. At the request of the parent or eligible student when the school district has forwarded the records to another school where the student seeks or intends to enroll.

The fee for copies provided under the FERPA may not include the costs for search and retrieval. The fee will be from no cost to ten cents per page. (Actual copying cost, less hardship factor.)

The fee for all other copies, such as copies of records forwarded to third parties with prior consent or those provided to parents as a convenience, will be from ten cents to thirty-five cents per page (actual search, retrieval, and copying cost) plus postage, if incurred.

#### DIRECTORY INFORMATION

The school district proposes to designate the following personally identifiable information contained in a student's education record as "directory information." (*NOTE: A district may designate all, some, or none of this information as directory information.*)

1. The student's name, address, and telephone number;
2. The names of the student's parents;
3. The student's date and place of birth;
4. The student's major field of study and class designation (i.e., first grade, tenth grade, etc.);
5. The student's extracurricular participation;
6. The student's achievement awards or honors;
7. The student's weight and height if a member of an athletic team;
8. The student's photograph;
9. The student's electronic mail address;
10. The student's dates of attendance; and
11. The most recent educational institution the student attended prior to the student enrolling in this school district.

Within the first month of each school year, the school district will publish the above list, or a revised list, of items of directory information it proposes to designate as directory information. For students enrolling after the notice is published, the list will be given to the student's parent or the eligible student at the time and place of enrollment.

After the parent or eligible student has been notified, he or she will have two weeks to advise the school district in writing (a letter to the school superintendent's office) of any or all of the items they refuse to permit the district to designate as directory information about the student.

At the end of the two-week period, each student's record will be appropriately marked by the record custodian to indicate the items the district will designate as directory information about the student. This designation will remain in effect until it is modified by the written direction of the student's parent or the eligible student.

#### USE OF STUDENT EDUCATION RECORDS

To carry out their responsibilities, school officials will have access to student education records for legitimate educational purposes. The school district will use the following criteria to determine who school officials are. An official is:

1. A person duly elected to the school board;
2. A person certified by the state and appointed by the school board to an administrative or supervisory position;
3. A person certified by the state and under contract to the school board as an instructor;
4. A person employed by the school board as a temporary substitute for administrative, supervisory, or instructional personnel for the period of his or her performance as a substitute; or
