

Dear Parents,

The Franklin County School district has partnered with myON digital library to provide students an opportunity to engage with online reading literature. This opportunity will allow students to have the accessibility of many books at their finger tips. Students will be able to engage with various genres and be able to read, explore, and learn from the readings that are of interest to them.

This resource is an online library that provides students access to a collection of more than 5,000 digital books. There are all types of books from biographies, graphic novels in all subject areas from sports, to animals and more! This digital library can be accessed from a desktop, laptop, Chromebook, iPad, Kindle Fire HD, and other electronic devices. We highly encourage and recommend that you read with your child at home after school hours to continue to support your child's academic growth.

To access the digital library, go to www.myON.com and insert your child's username and password, take the guided tour, and then begin to enjoy the 5,000 digital books available to your child. If you have any questions about myON, please feel free to contact customer service at 888.728.1266 or the central office.

Happy reading!

Your child's username and password is listed below:

Username: Will be your child's *Last Name First Name*

Example: SmithKim

(Please make sure you capitalize the first letter of the last name and first name)

Password: Is the word ***Password***
