A small minority of Internet users has made objectionable materials available over the Internet. Cumberland County Schools will take every precaution to restrict access to this information. However, an industrious user may discover information not acceptable for school use. We firmly believe that the valuable information and interaction available on the Internet fat outweigh the possibility that users may obtain unsuitable material. All network communication must be polite, kind, and free from inappropriate language.

personal safety, bring it to the attention of an adult (teacher or staff if you are at school; parent if you're using he device at home) immediately.

No attempt to tamper with other people's data or to gain unauthorized access to accounts or files on the networks, including the Internet, is permitted.

 the original creator) content, including words or images, from the Internet.

In reference to the Board of Education policy 4.700

Testing is a system-wide program assisting in accountability and assesses the effectiveness of the instructional programs and student learning. It helps determine the progress of students. With testing, educators help students plan for the future, screen for learning difficulties, and determine placement in remedial programs.

The following are the tests will be administered at Stone Elementary School for the 2017-2018 school year:

Grade Levels	Test	Explanation of Each Test
Continuous	W-APT Screener for ELL status	W-APT stands for the WIDA-ACCESS Placement Test. It is an English language proficiency "screener" test given to incoming students who may be designated as English language learners. It assists educators with programmatic placement decisions such as identification and placement of ELLs. The W-APT is one component of WIDA's comprehensive assessment system.
Continuous	ECERS for PreK	ECERS or the Early Childhood Environment Rating Scale is an assessment designed to assess group programs for preschool-kindergarten aged children, from 2 through 5 years of age. Total scale consists of 43 items. (Also available in Spanish).
Continuous	ELCCO for PreK	ELCCO, or the Early Language and Literacy Classroom Observation tool, helps build better literacy programs by assessing the quality of the classroom environment and teachers' practices.
PreK - 8	STAR Screening (3 times per year)	STAR Early Literacy assessment is a computer based test that measures your child's proficiency in up to nine areas that are important in reading development. STAR Reading is a computer-adaptive reading test that summarizes your child's reading ability. STAR Math is a computer adaptive assessment that gauges student proficiency in mathematics.
K - 8	EasyCBM Screening	EasyCBM is a screening tool utilized for students who score below the 25 th percentile on the STAR assessments to help determine which interventions will be used to assist the student and monitor progress.
Grades 3-8	TNReady RLA, Math, Social Studies Part I & Part II	TNReady is the state's TCAP test for English language arts and math in grades 3-11. It provides information about our students' progress. The TNReady TCAP tests are designed to assess true student understanding and not just basic memorization and test-taking skills. TNReady measures student understanding of our current state standards in English language arts and math. Please note that math and science will only be administered in the Part II window. Additional information regarding the details of this test administration will be forthcoming.
ELL students	ACCESS for ELLS	ACCESS for ELLs 2.0 is a secure large-scale English language proficiency assessment administered to Kindergarten through 12 th grade students who have been identified as English language learners (ELLs). It is given annually in WIDA Consortium member states to monitor students' progress in acquiring academic English.

Grades 3-11	MSAA	The Multi-State Alternative Assessment (MSAA) applies the lessons learned from the past decade of research on alternate assessments based on alternate achievement standards (AA-AAS) to develop a multi-state comprehensive assessment system for students with significant cognitive disabilities. The project draws on a strong research base to develop an AA-AAS that is built from the ground up on powerful validity arguments linked to clear learning outcomes and defensible assessment results
Grades 3-11	TCAP-ALT PA Science and Social Studies	The TCAP Alternative Portfolio Assessment for science and social studies applies the lessons learned from the past decade of research on alternate achievement standards (AA-AAS) to develop a multi-state comprehensive assessment system for students with significant cognitive disabilities. The project draws on a strong research base to develop an AA-AAS that is built from the ground up on powerful validity arguments linked to clear learning outcomes and defensible assessment results.
Grade 2	Questar	This 2 nd grade assessment measures basic reading and math skills. It is a criterion-referenced assessment designed to measure individual student achievement based on academic atandards.

^{**}The actual dates for each test session are listed on the calendar on page 15.

On the First Day of School

On the first day of school, we welcome you to walk your child to class. This is a BIG day for everyone! It is perfectly normal for some of our younger students to become upset at the thought of Mom or Dad leaving. This is also a stressful time for parents! We ask that you trust us and after the first day, we request that you allow your son or daughter to walk to his or her classroom as a big boy or girl with peers only. The longer the goodbye, the more difficult the separation.....we promise to take good care of your most treasured possession!

School Policies and Procedures

ATTENDANCE POLICY 6.200 OF CUMBERLAND COUNTY SCHOOLS BOE

Attendance is a key factor in student achievement. Therefore, students are expected to be present each day school is in session. Absences shall be classified as either excused or unexcused as determined by the principal or his/her designee. In order for an absence to be counted as excused, a written excuse must be submitted for absences or tardiness within five school days after a student returns to school. Failure to submit an excuse will result in the absence or tardy being classified as unexcused.

Excused absences shall include:

- 1. Personal illness (If a school nurse calls a student's parent/guardian to come pick up a student for an illness, that day will considered an **EXCUSED ABSENCE/TARDY**. The school nurse or administrative staff should call the parent/guardian, <u>NOT A TEACHER OR THE STUDENT</u>. A doctor note is not required for THAT day, but is required for subsequent days)
- 2. Illness of immediate family member
- 3. Death in the family; funeral notice
- 4. Extreme weather conditions
- 5. Religious observances
- 6. College visits
- 7. Pregnancy
- 8. School sponsored or school endorsed activities
- 9. Summons, subpoena, or court order; or
- 10. Circumstances which, in the judgment of the principal, create emergencies over which the student has no control.
- 11. Other absences as pre-approved by the principal, based on appropriate documentation at least 10 (ten) school days prior to day(s) to be missed.
- 12. If a student is exempt from final exams (high school) per Board policy, the absence on the day of the exam is excused.
- 13. Driver's license/permit appointments will be excused with proof of appointment.

A maximum of three (3) days per semester will be recognized as an excused absence with parent notes that contain an excusable reason.

Note: Vacation days are unexcused absences.

APPOINTMENT REMINDER: GET A DOCTOR'S OR DENTIST'S EXCUSE NOTE DURING YOUR VISIT.

Truancy is defined as an absence for an entire school day, a major portion of the school day or the major portion of any class, study hall or activity during the school day for which the student is scheduled and early check-out from school.

Students participating in school sanctioned/sponsored activities, whether on- or off-campus, shall not be counted absent. Mass-exodus or early dismissal or late arrival of all students or any segment of students will not be permitted for any reason except for emergencies such as inclement weather or other unavoidable situations.

All missed class work or tests (**from only an excused absence**) may be made up if the student makes the request immediately upon returning to school and if class time is not taken from other students.

Student attendance records shall be given the same level of confidentiality as other student records. Only authorized school officials with legitimate educational purposes may have access to student information without the consent of the student or parent/guardian.

TARDIES (Be on time!)

Unexcused Tardies are defined as late arrivals and /or early dismissal for any reason other than the previously stated excused absences.

Cumberland County Schools Tardy Policy -

- 1. Students are allowed 3 unexcused tardies per 9 weeks period.
- 2. On the 3rd unexcused tardy a written warning will go home to be signed.
- 3. The parent/guardian will be required to attend a conference with the school's attendance committee after unexcused tardy #4.

If parent/guardian refuses to attend the conference, a plan will be put in writing that must be followed. The plan will include, but is no limited to the following: recommending that the student ride the school bus or childcare van to and/or from school; (if the student is an out of zone student) requiring him/her to attend the school for which he/she is zoned on the next unexcused tardy (tardy #5) during that nine weeks period.

Stone Elementary Policy: Student will receive a detention upon his/her 5th unexcused tardy. (Five unexcused tardies will equal one day of unexcused absence for the purpose of Truancy Court Referrals).

*Tardies that occur between classes during the regular school day will be a student disciplinary matter and will be handled by individual schools at the building level.

School hours are from 7:45 a.m. to 2:45 p.m. Students must be seated in the homeroom classroom by 7:45. Students who are not in class by 7:45 must report to the office to sign in and receive a tardy pass in order to be admitted to class. Students checked out before 2:45 are checked out early. **THERE WILL BE NO STUDENT CHECKOUTS AFTER 2:15 P.M.** Parents must keep in mind that an early checkout counts as a tardy. Five unexcused tardies will equal one day of unexcused absence for the purpose of truancy.

Remember, <u>early check-outs count as a tardy</u>. Excused tardies or early check-outs are for doctor or dentist appointments and the physician must sign a written excuse that is then turned in to the attendance office. (Students may give the excuse note to their teacher who will turn it in to the attendance office).

ATTENDANCE SUMMARY:

STEP #1 –Absentee's excuse note is given to the teacher by parent/student. (*Always* send an excuse note in with your child the day he/she returns to school).

STEP #2 – The teacher sends the excuse note to the Attendance Clerk to be entered into the computer and filed.

STEP #3 – The Attendance Clerk checks the excuse then enters the excuse as <u>excused</u> or <u>unexcused</u> in the computer data base and files the excuse in the office. The Attendance clerk will follow the BOE's attendance policy in determining if an absence is excused or unexcused.

ELEMENTARY SCHOOL ABSENCE POLICY

A total of twenty-five (25) absences, without extenuating circumstances, during any school year may render an elementary student ineligible for promotion to the next grade and to retain a driver's permit or license, or to obtain such if of age. The attendance clerk will send a written notice to parents of any student accruing five (5) absences and again at ten (10) absences. After fifteen (15) reported absences in a year, a truancy board will be appointed by the principal who will conduct a hearing to determine if any extenuating circumstances exist and develop and sign a plan of action for remediation. A maximum of ten (10) days per year will be recognized as excused absences for sickness with parent notes. A parent note without explanation for the absence will cause the absence to be automatically categorized as unexcused.

If a student is absent without sufficient reason or if no excuse note is returned, the student is considered truant for those days in question. When a student accrues five (5) days of unexcused absences, a referral is made to the County Attendance Teacher and a Truancy Court appearance is required.

After a total of twenty-five (25) absences during any school year, an attendance committee appointed by the principal will conduct a hearing to determine if any extenuating circumstances exist or to verify that the student has met attendance requirements that will allow him/her to pass the course, be promoted, or retain or obtain a driver's permit or license.

MAKE-UP WORK

Make immediate plans to do all make-up work due to an excused absence. Normally, all make-up work must be made up in a period of no less than three (3) days nor greater than the number of days missed, if more than three. If this work is not completed within the time limits, the student may receive a zero (0). Make-up work may be obtained upon the return of a student(s) from previously planned days of absence. Students who are ill may complete make up work upon their return to school. Parents may call ahead in order to pick up work for sick student(s). Please make arrangements to pick work up at the end of the day so as not to interrupt class time and to give teachers time to gather make-up work. The student will be graded on work completed. Attendance is essential to good grades and students are urged to be at school every day.

STUDENT LOADING AND UNLOADING (We appreciate your caution!)

Your child's safety is our utmost concern. We appreciate your cooperation in morning unloading and afternoon loading of students.

Student drop-off and pick-up will be at the double doors at the east end of the building (closest to Cook Rd), not at the main entrance. The main entrance is for the bus loading and unloading. We have two lanes of traffic to be used for unloading and loading; the third lane is for moving traffic only. No students will be loaded or unloaded in the third lane.

Parents who need to enter the school may park in the lined spaces in front of the school. Please do not leave cars unattended in the driveway.

Each student who uses afternoon parent pick-up will receive a Stone Elementary dashboard sign. Print your child's/children's names on your sign with thick, black marker and place it on the dashboard of your vehicle as you drive through parent pick-up. This will help us to call cars quickly and efficiently!

PLEASE REMEMBER:

7:00-7:40 is student drop-off in time for class. Stop for all pedestrians and drive slowly! Student pick-up is from 2:45-3:05 in the parent pick-up line.

With your help we can continue to make Stone Elementary a safe place for your child! Stone Elementary does not provide after school child care. If an emergency arises, please call the school office so that your child will not be unnecessarily worried. Also, if you have a change to make in your child's normal dismissal routine, please do so before 2:00. BEHAVIOR EXPECTATIONS (Rewards and Consequences)

At Stone Elementary School, students, parents, and school staff work together to create an environment that promotes academic excellence while providing a physically and emotionally safe school.

While we hold high expectations and intend to reward more than we punish, we are prepared to handle inappropriate behaviors that prevent a child from achieving his/her maximum potential or impede the learning of others.

Student conferences, parent conferences, counseling, after-school detention and community service, in-school suspension, corporal punishment, suspension, and Alternative School placement are some of the disciplinary measures that may be taken. The intent of any disciplinary action is to correct inappropriate behavior/conduct. **Inappropriate behavior or conduct will not be tolerated.**

SWPBS (School-Wide Positive Behavior Support)

<u>Every</u> staff member will be awarding "Coyote Cash" to students who display exemplary behavior and follow directions. This research-based program that emphasizes properly training students in specific situations: bus room, cafeteria, bus, hallways, restrooms, etc. has seen great success around the state.

The average cost of a textbook is approximately \$50.00.

MONEY / VALUABLES / OTHER ITEMS

The school will not be responsible for lost or stolen items. Students should not bring large amounts of money or valuable items to school or to school functions. Students may not bring iPODs, MP3 players, personal laptops, PDAs, CD players, skateboards, laser pointers or any other type of toy to school unless prior approval has been given by the teachers. Shoes with wheels are not to be worn at school during the school day or at school functions.

ZERO TOLERANCE

Some school rule violations require expulsion under state law. These violations are referred to as "zero tolerance" violations and some examples are:

- Possession of a dangerous weapon or firearm on school property/activity
- Possession/use/sale of drugs on school property/activity
- Battery on staff member
- Electronic threats to cause bodily injury or death to another student or school employee and the transmission of such threat creates actual disruptive activity at the school that requires administrative intervention

TOBACCO

The possession, uses, or transfers of tobacco or tobacco products in any form by any student are strictly prohibited. Any student caught in the possession of, using, or transferring any tobacco or tobacco product while participating in a school-sponsored event shall be subject to disciplinary action, which may include corporal punishment, suspension and/or expulsion. An automatic citation to Juvenile court will be issued in all cases of tobacco possession according to T.C.A. 39-17-1501.

USE OR POSSESSION OF DRUGS OR ALCOHOL BY STUDENTS

Any student who sells, possesses, gives away, uses on or off-campus so as to be detectable, or otherwise has under his or her control any alcoholic beverage, marijuana, narcotic or legend drug, while in attendance at, or participating in, any school function or any school related or sponsored activity, whether on-campus or off-campus, shall be immediately suspended from school upon due process determination by the principal that the student has in fact violated any provision of this paragraph.

DRUG DOG Search

The purpose of the drug dog search of Cumberland County Schools is to create and/or maintain a drug-free environment. The procedures for drug dog searches are as follows:

- No dog will be allowed to sniff students or have personal contact of any kind with the students.
- If a classroom is searched by a drug dog, students will not present.
- All lockers are subject to search.
- All vehicles parked on school property are subject to search.

If the dog alerts to something in a locker or car, legal procedures will be followed for a containing search.

Friday, August 17th, is the first drug dog search for the 2018-2019 school year. Any future searches will be unannounced.

EMERGENCY PROCEDURES (fire drills, storm drills, & lockdowns)

Each class has a specific plan to follow in the event of an emergency such as fire, tornado, bomb threat, or lockdown. We practice these plans so that our students will know how to react in the event of an actual emergency. Some drills are announced, but some must be unannounced.

Required monthly fire drills are taken seriously. During *any* emergency drill students are expected to be quiet and listen for teacher instructions or directions from the office. In the event of a fire or bomb threat, students have a designated evacuation plan. For take cover (tornado) drills or other emergencies each class has a designated safe area to go to as quickly and quietly as possible.

Students should be aware that they can be prosecuted for pulling fire alarms as a prank, and pranksters may be required to do up to 100 hours of community service for pulling a fire alarm.

Lockdowns are a necessary part of emergency practice. We **WILL** practice several times during the year. During a lockdown teachers will remain with their class, locking their students in the classroom and remaining quiet. They will remain there until released by administration or law enforcement.

BAD WEATHER CANCELLATIONS & DELAYS

During the school year, school is sometimes canceled due to bad weather. Listen to the radio for information on school cancellation or delay. Please do not call the school to learn of cancellations... our phones are incredibly busy on these days and we need to get pertinent information to our students. If school has been canceled the previous day, listen to the radio to learn if there is a delay in the school starting time or if schools are on regular schedule. Often, information about early dismissals is on the radio before individual schools have been notified by the Central Office. When school is delayed due to bad weather, teachers are not required to come in early for extra duty. The doors will be opened 45 minutes prior to the announced time for school to begin.

WHAT SHOULD I DO IF BAD WEATHER ARISES DURING THE DAY?

Cumberland County Schools have a plan in place for the safety of all children and staff in case of an emergency. Please follow the procedures listed below if there is an emergency during school hours.

- 1. **DO NOT CALL THE SCHOOL**. Our limited phone lines MUST be clear to communicate with Emergency Management Agencies and the Central Office.
- 2. TUNE IN TO LOCAL RADIO OR TV STATIONS. Radio - FM 105.7, 102.5 & 93.3 - AM 1330 & 1490 TV - Knoxville Channel 10 & 6, Fox 17 - Nashville Channel 5
- 3. DO NOT COME TO THE SCHOOL UNLESS STUDENT PICK UP IS REQUESTED. This allows our staff to attend to the children.

NOTE: IF THE SCHOOL GOES INTO TAKE COVER POSITION, WE HAVE BEEN NOTIFIED OF THE SEVERITY OF THE STORM. Part of safety procedures during tornado warnings is <u>lockdown</u>. The entrance doors are locked to prevent the doors from being pulled open by high winds and causing additional threat to those inside.

SERVICES

PARENT CONFERENCES

All of our teachers have websites and email and some have classroom Facebook, so feel free to contact your child's teacher at the beginning of the year and let him/her know how you'd best like to stay updated.

Daily communication logs and/or Student Planners are commonly used as a daily communication tool between home and school. Regularly scheduled conferences are held two times annually, usually in the fall and winter. Throughout the year, teachers and administrators are happy to arrange conferences at a time mutually convenient for parents and teachers. As you know, instructional time is valuable and teachers will not be called away from the classroom to come to the phone. So, please send a note or leave a message with the school receptionist in order to arrange your conference.

STUDENT CONCERNS, COMPLAINTS AND GRIEVANCES

For a student who feels strongly that he or she has been treated unfairly, unjustly, or discriminated against in any way or given punishment which is too severe or assignments that are unreasonable, there is a procedure for appealing. Students should avoid a confrontation with the teacher regarding the incident. Students may pick up a student complaint form in the office. Students should write the complaint or grievance down, giving all details completely and truthfully. The complaint paper should be dated, signed by the student, and turned in to the office receptionist for presentation to the principal. The appeal will usually be considered confidentially and promptly, within three (3) school days unless extenuating circumstances exist.

PARENT CONCERNS, COMPLAINTS, AND GRIEVANCES

Parents should first attempt to resolve issues directly with a teacher, if applicable. If a resolution is not agreed upon, concerns should be brought to the attention of Stone Elementary administration. If the parent is still not satisfied, a complaint form can be obtained from the principal and filed with the Director of Schools at the Central Office.

COUNSELING SERVICES

The counselor welcomes the opportunity to talk things over with any student, parent, or teacher. Some services include: individual counseling; consultation with parents, teachers, administrators and the community at large; classroom guidance classes; career planning; informal testing; and the coordination of educationally-related programs. Classroom topics might include developing a sense of self, dealing with anger, communicating with parents and others, feelings, conflict resolution, making decisions, values, responsibility, and career planning. Students and parents are encouraged to contact our counselor and faculty members for conferences.

Students should feel free to request time with the principal, assistant principal or counselors for assistance in educational planning, vocational planning, personal problems or any other important matter.

MEDICATION

STUDENTS ARE NOT TO HAVE ANY FORM OF MEDICATION IN THEIR POSSESSION AT ANY TIME. All medication must be brought to and from school by parents, never delivered by students.

Students requiring prescribed or over-the-counter medication must have an "Administration of Medication" form completed by their parent and on file with the school nurse. This form is available in the office and must be completed each year for each medication. The medication should be brought to school by the parent, (not the student) in the original container appropriately labeled by the pharmacy or clinic. Medication will be kept in the office and given to the students at the designated time. Prescribed medication may be administered by a school nurse or by a non-health professional designate of the principal or school nurse. The school is not permitted to administer medication, including aspirin, Tylenol, etc., at the student's request.

We encourage over-the-counter medication/preparations (Tylenol, aspirin, Benadryl cough syrups, lotions, or ointments) and short-term prescription antibiotics to be given at home. All medications must be supplied by the parents in original containers and require written consent even for intermittent use.

***NOTE: Any student possessing, selling, giving, or sharing any medication in any form including, but not limited to any type of over-the-counter medication, or health aids (such as vitamins), will be subject to full prosecution under the Drug Free Schools Act.

STUDENT PRIVACY

A district must develop and adopt policies regarding the rights of parents to inspect third party surveys before they are distributed to students; measures to protect student privacy when surveys ask for sensitive information; personal right to inspect any instructional materials; administrations of physical examinations or screenings of students; collections, disclosure, or sue of personal information from students for the purpose of marketing or selling that information; and the parental right to inspect any instrument used to collect personal information before it is distributed to students

Districts must give parents annual notice of an adoption or continued use of such policies and within a reasonable period of time after any substantive change in such policies. Districts must give parents annual notice at the beginning of each school year of the specific or approximate dates during the school year when the following activities are scheduled or expected to be scheduled: activities involving the collection, disclosure or use of personal student information for the purpose of marketing or selling that information; administering surveys containing request for certain types of sensitive information; any non-emergency, invasive physical examination that is required as a condition of attendance, administered by the school, scheduled in advance and not necessary to protect the immediate health and safety of student. 20 U.S.C. § 1232h(c)(2).

Cumberland County Board of Education Coordinated School Health Student Health Screening Passive Permission 2018-2019

Dear Parent or Guardian,

Throughout the school year we will be providing **FREE** health screenings for the Cumberland County students in grades Pre-K, K, 2, 4, 6, 8, 9th through 12th, and Lifetime Wellness. We conduct these FREE screenings in order to identify students who may have a health risk in order to bring awareness to the student and parent/guardian. The data only (not the student name) is sent to the TN State Department of Education. The Cumberland County Health Department, Lion's Club, community health care providers, and trained school personnel will be assisting with these screenings with strict adherence to the confidentiality of each child and adolescent screened. We may screen children for one or more of the following:

B.M.I. (Body Mass Index) Hearing Scoliosis

Vision Blood Pressure

Height/ Weight Asthma

If we screen your child and find any alterations from a normal screening, as defined by Center of Disease and Control (CDC), we will contact the parent/guardian concerning this matter. There are **NO CHARGES** for these services.

Please feel free to contact your school nurse or the CSH Coordinator should you have any questions. Thank you for allowing your child to participate as we promote a healthy lifestyle to our students in Cumberland County.

If you do NOT want your child to receive a FREE health screenings, please write a note stating you do NOT want your child screened for the specific test, sign, date, and return to the school nurse.

LICE SCREENING

Head lice have been a parasite of humans since recorded time. Many people associate lice with unclean people or homes. This is not true in the case of head lice. Lice cannot jump or fly and are usually transmitted by contact with infested persons, their clothing, or the comb or brush. Because children play and work in close proximity within a school setting, *all* children should be checked during daily shampooing.

Screenings take place randomly at school in the classroom setting. The school nurse or designee may check for head lice. Discretion is used in the handling of a child with head lice. Upon return to school after an infestation, that child must be re-checked individually by the school nurse in a private location. A child with head lice may have no more than two days of excused absence to treat the problem and return to school.

Cumberland County has a no nit policy. This means students may attend school if and when they are clear of both living bugs and nits.

IMMUNIZATIONS REQUIRED FOR SCHOOL ATTENDANCE K-12

DTP/DtaP/DT

4 or more doses, one of which must be given on or after the fourth birthday. If starting series at age 7 or older, only three doses are required.

Polic

4 doses of OPV or IPV. If the 3rd dose was given on or after the fourth birthday, the 4th dose is not required. However, if a combination of IPV/OPV is used, all 4 doses are needed regardless of age.

MMR

2 doses, given on or after the first birthday required for entrance into grades K, 4, 8, and 12. The second dose should be administered at least 30 days following the first dose. Beginning with the start of the 2001 school year, all students K-12 must have two doses of MMR.

The Tennessee Department of Health (TDOH) has issued new immunization rules and a new Official Certificate that is required for entry into school effective July 1, 2010. All newly required vaccines are routinely recommended for all children; most children have already received them. Listed below are the changes:

- 1. There will be only <u>one</u> official TDOH certificate of immunization that must be filled out by medical providers for parents to deliver to schools prior to entry of their child into Pre-K and Kindergarten. The form is only available from a private healthcare provider or local health department.
- 2. Medical providers will not have access to the new certificate until April 1, 2010. If you must pre-register for school before April 1, make sure and bring the new immunization certificate form to school prior to the start of school.
- 3. For children entering **Pre-Kindergarten, four new additional immunizations** are required. They are: Hepatitis B (HBV), *Haemophilus Influenza* type B (Hib), Pneumococcal conjugate vaccine (PCV) and Hepatitis A.

They are Poliomyelitis (IPV or OPV): final dose on or after the 4th birthday now required, Varicella (2 doses or history of a disease): previously only one dose was required, and Hepatitis A (2 doses): *Effective July 2011*.
- 5. For children entering <u>7th grade</u>, Varicella: 2 doses or history of disease and Tetanus-Diptheria-Pertussis booster ("Tdap").

Mental Health

To address the mental health needs of our students, Stone Elementary follows the mental health standards and guidelines adopted by the Cumberland County School System. Protocols for the delivery of in-school mental health services have been established for our individual school. The steps described within these protocols guide our actions as we strive to assist our students with mental health needs and concerns.

In an effort to coordinate mental health services within the community, Memorandums of Understanding (MOU's) have been agreed upon by the Cumberland County School System and the following entities: Youth Villages, the Avalon Center, the Tennessee Department of Children Services, Cumberland Mountain Mental Health Center, and the Cumberland County Juvenile Justice Center. These MOU's specify the responsibilities of each party to the other in their respective efforts to address mental health issues.

RTI² (Response to Intervention)

At the beginning of the school year, students in K-8th grade will be screened in both math and reading. Students that are determined to need remedial assistance will then begin the RTI² program. Building on our strong program begun in 2008-2009, we will target students in the specific area of need.

RTI² has seen great success. Through the process, if students are not making appropriate gains even with targeted assistance after several weeks of intervention, the student may be eligible for evaluation through special education services.

SPECIAL EDUCATION SERVICES

Approximately 15% of America's population has a learning disability, or difference. These learning differences are most often discovered during the elementary years. If a student participates in the RTI² program to the point of educational testing, a special education teacher, school psychologist, administrator, and the classroom teacher will meet with parents to determine next steps. An IEP, or Individualized Education Plan, is written for each student who qualifies for special education services.

Note: Complaints of disability discrimination may be made orally or in writing to the building Principal and/or the Director of Special Education.

504

The Rehabilitation Act of 1973, commonly referred to as section 504, is a nondiscrimination statute enacted by the United States Congress. The purpose of the Act is to prohibit discrimination and to assure that disabled students have educational opportunities and benefits equal to those provided to nondisabled students.

An eligible student under Section 504 is a student who a) has, b) has a record of having, c) is regarded as having, a physical or mental impairment which substantially limits a major life activity such as learning, self-care, walking, seeing, hearing, speaking, breathing, working and performing manual tasks.

If you believe your child qualifies for this program through any disability, which interferes with their learning, please contact the office to speak with our 504 Coordinator, Ms. Bridgette Hepburn-Smith.

HOMELESS CHILDREN PROCEDURES

To be eligible for federal funds for programs assisting the education of homeless children, a district must provide a written notice to the parents of each child enrolled in a separate school for homeless children of the choice of schools, and that homeless children must be provided transportation services, educational services and meals through the school meal programs comparable to those offered to other children in the school attended. This notice must include contact information for the local liaison for homeless children and the state coordinator for education of homeless children. If the district sends a homeless child to a different school than the school of origin or the school requested by parents, the district must provide the parents with written explanation for, including notice of the right to appeal, the decision. The information must also be provided whenever a dispute arises over school selection. 42 U.S.C. § 11432(e)(3)(C), (E); 11432(g)(2)(B), (E).

HOMEBOUND INSTRUCTION PROCEDURES

Homebound placement is instruction provided at home, hospital, or related site to children with disabilities. The purpose of homebound instruction is to provide medically involved students, both long-term and short-term, with a program of academic instruction. Such instruction is provided so that the student's time of confinement need not be a loss of educational experience, nor academic credit. For long-term illnesses, such instruction is made available so that the student may participate in a planned, sequential, educational program designed to meet his/her individual needs at home or in the hospital. The result should ne an educational program parallel to the one provided in the school setting.

Eligible students are provided instruction parallel to the instructional program currently offered in the typical classroom situation for his/her age and/or grade level as determined by the homebound teacher, parent, and school personnel. Adjustment in such curriculum and instruction will be made upon the recommendations of the homebound teacher in accordance with the individualized needs of each student.

Homebound instruction is one of the most restrictive educational placements for school-age children and is only appropriate when a disabled student's physical or mental condition makes placement with other students prohibitive. Homebound instruction is not to be confused with home schooling. A homebound student is a child who has a medically diagnosed physical or mental disabling condition or health impairment that confines the child to a home or hospital and whose activities are restricted for a minimum of ten (10) consecutive school days.

The following procedures will be followed for Homebound Services for Cumberland County School students:

- Homebound forms requesting homebound services for a student must be received from a doctor. Date of services can begin no earlier than date of doctor's signature on form. Any homebound forms received to schools should be faxed or sent to the Homebound/SPED office the day they are received.
- All forms must be complete and approved by Homebound Director, including parent signatures on the homebound application procedures form, prior to services being provided.
- 3. A copy of all homebound forms will be sent back to the school attendance clerk. For students on an IEP, a copy of the homebound form will be sent back to the student's special education case manager to place with the current IEP.
- 4. For Special Education Students, an IEP Team at the school will meet on an individual basis to determine what services a student needs after the following are met:
 - a. Only upon certification by a licensed doctor of medicine or osteopathy that a child with a disability needs a homebound placement
 - b. The child is expected to be absent from school due to a physical or mental condition for at least ten(10) consecutive school day, and
 - c. The child can receive homebound instruction in a homebound placement without endangering the health of personnel providing it.
- 5. For students suspected of having a disability, the District will conduct an evaluation prior to determining eligibility for a 504 plan. If a student is determined eligible for a 504 plan while on homebound, a 504 plan will be developed by the homebound instructor, classroom teacher, parent, and school 504 Coordinator.

- 6. Homebound services must be reviewed every thirty days and a new doctor's note received. Special Education students placed on homebound for behavior may only receive homebound services for one thirty day period in a school year.
- 7. Prior to the student returning to school, another IEP meeting or 504 meeting will be held to transition the student back to school and determine if services or accommodations will be needed. 504 plans may be terminated at that time if no additional accommodations or services are needed. If the student continues to need a 504 plan, then it will be turned over to the school level 504 Coordinator. The school 504 Coordinator will be responsible for distributing the plan to teachers and scheduling an annual review of the 504 plan, or more frequent as needed.

MENTORS

Single-parent homes and hectic family schedules are common. Many students benefit from having a mentor, or caring adult who spends time fostering a positive relationship with him/her. Contact our school Guidance Counselor if you are interested in pursuing this type of relationship for your child through Kids on the Rise. Remember, it takes a village to raise a child!

ENGLISH LEARNERS (ELL/ESL)

Stone Elementary is thrilled to have a full-time ELL teaching assistant and a certified ELL teacher who work solely with our ELL population and their families.

STUDENT RECOGNITION

Throughout the school year we have opportunities to honor and recognize our students. When we do this we like very much to let the community share these occasions with us. We generally send pictures of these honors to the local paper.

It is the **responsibility of the parent** to notify the school office or classroom teacher **in writing**, with the accompanying parent signature **each year** you do not wish for your child's picture for academic, social or athletic endeavors to be published in a local paper.

8th GRADE GRADUATION REQUIREMENTS

We look forward each year to our solemn ceremony, 8th grade graduation. The graduation ceremony is a celebration of the completion of one era and the beginning of another. In order to participate, a student must have **passing grades** and must be in **good standing with county attendance policy.** Graduation practice is held at 10:00 the day of graduation. Dress requirements are as follows:

Ladies:

- O Skirt/dresses should be no shorter than 4 inches above mid-knee (including slits)

JUNIOR ACHIEVEMENT

Students in 5th grade will participate in Junior Achievement. This program introduces the real business world: manufacturing, supply and demand, careers, budgeting and much more and is taught not only by Stone's qualified staff, but by volunteer businessmen and businesswomen from our community.

STUDENT INSURANCE

Student insurance is available at a nominal cost and is optional. When a student under this plan is injured, he/she will be given a claim form from the school office. All athletes must provide proof of insurance before being permitted to practice or play.

INFORMATION CARDS

In the school office, each student has a personal information card. This way parent information, emergency contact information and phone numbers are kept easily accessible to school personnel. Should an address or phone number change, please contact the school IMMEDIATELY so proper changes can be made.

LIBRARY / MEDIA CENTER

Stone Elementary is fortunate to have a beautiful library media center. We have over 10,000 media items for checkout by students and teachers! Students in grades PreK-8 attend scheduled library classes where they are introduced to a variety of quality literature, participate in various literature-related activities, and are taught library and reading skills. All students have the opportunity to visit the library as needed for book checkout/return and for class or individual research. In order to keep our books and materials up to date and in good condition, payment is expected for damaged or lost items.

LIBRARY CARDS

All students are issued a library card at the beginning of the school year. Library cards are to be brought each time a student visits the library for check-out procedures. Students may forget their library cards up to three times. On the third "strike" a student will be assigned detention. If a library card is lost, washed, etc., the student has two options....serve community service or pay a \$3.00 fine before getting a new card.

FAMILY LIFE CURRICULUM:

Family Life Curriculum is mandated by the State of Tennessee Department of Education. We, as a faculty, want the parents of our students to be aware that the following issues are addressed in the sixth through eighth grades throughout the year. As parents, you have the opportunity to review all Family Life materials in the fall of the year at a public forum that will be announced every September. Parents have the option after reviewing the materials to opt their student out of such instruction. Please contact the school Guidance Counselor for further information. Abstinence is the basis for all our instruction. Community agencies assist in our instruction. Areas included in the curriculum:

Abstinence is a Positive Choice Puberty and Adolescence HIV/AIDS Sexual Harassment/Date Rape Consequences of Teen Pregnancy Aspects of Dating Human Reproduction
