

COURSE GOALS - *What are you going to learn?*

Welcome to Spanish class! You are going to learn how to communicate in Spanish about yourself and the culture.

Communication You will develop all modes and skills of language - listening, reading, speaking and writing - at the specified proficiency level. It's all about communication, not perfection!

Culture There's a lot going on out there in the world! Knowing more about the products, practices and perspectives from different Spanish-speaking cultures will help you to understand and connect with others. Also you will make **Comparisons** and reflect on your own culture.

Communities Spanish is being used all around us. Part of your out-of-class work will include getting into the community, and experiencing the language and culture in action. Also you will make **Connections** to the world, other content and careers.
