

# Blackboard Connect Update

- 1) At [stark100.com](http://stark100.com), visit the “School Life” menu, find “Blackboard Connect Change Request” under District Forms subheading.
- 2) Click on the link: [Blackboard Connect Change Request Form](#)
- 3) Please update this form with:
  - current phone numbers
  - text message preferences
  - current email addresses
- 4) Click “submit” at the bottom of the page.

This link is available throughout the school year to update your information.

Please contact Dale Heinold at 309-695-6123 or [dheinold@stark100.com](mailto:dheinold@stark100.com) with questions.

## MySchoolBucks Information

MySchoolBucks is a website which allows you the convenience of paying fees and lunch money using a credit card or electronic check. MySchoolBucks also lets you see your student’s lunch history. There is a flat service fee of \$2.49 when adding lunch money. Other purchases such as registration fees have a 4.25% service fee.

MySchoolBucks can be accessed via a link on the district website – [stark100.com](http://stark100.com) or by going to <http://www.myschoolbucks.com>. You will need to create a login account and add your students to it. Instructions are on the website. In the upper right hand corner is “Help” which contains helpful FAQ’s and how-to-videos. One thing that we’ve noticed is that occasionally someone will not be able to find their student. The system uses their birthday or student ID number. In some cases the birthdays are incorrect. Contact the school office if you are having problems adding your student.

There are really two pieces to MySchoolBucks. “Meal Account” is where you go to check lunch money balances and add funds. “School Store” is where you go to pay for the various fees which accompany registration.

Even if you don’t use MySchoolBucks to add lunch money or pay for registration fees you may want to consider creating an account for another reason. MySchoolBucks is tied to our cafeteria software and is a way for parents to view their student’s lunchroom purchases. Under “Meal Accounts” is an item called “Cafeteria Meal History” which reports on up to three months of cafeteria purchases.
